**DECLARATION OF LARRY E. COBEN
IN SUPPORT OF CLASS PLAINTIFFS' MOTION FOR CERTIFICATION
OF A SETTLEMENT CLASS**

I, Larry E. Coben, make this declaration pursuant to 28 U.S.C. § 1746. I hereby declare under penalty of perjury that the following is true and correct:

1. I am a shareholder of the law firm Anapol Weiss, where my practice focuses on actions for personal injury. I was appointed by the Court as Interim Subclass Settlement Counsel for a Children's Injury Subclass, and specifically to advocate on behalf of young children. Dkt. No. 929. Pursuant to this appointment, I have been an active participant in the settlement negotiation process.

2. The settlement agreement reached between the parties does not contemplate certification of a separate Children's Injury subclass for settlement purposes. However, the agreement includes both minors and their parents and provides relief for minor claimants. Throughout the settlement process, I advocated on behalf of young minor claimants, regardless of whether they would ultimately be

part of a discrete subclass, in order to ensure that the negotiation process, claims procedure, and allocation was fair and in minor claimants' best interests.

3. After my appointment in August of 2019, I familiarized myself with the factual and legal issues relevant to a Children's Injury subclass (newborn to age 6) and the nature and extent of its young members' injuries by speaking with the subclass representative, as well as by reviewing the pleadings and orders filed in this case. I further reviewed a host of literature and met/talked with experts in fields of neuropsychology, medicine and education. I was involved in numerous in-person and telephonic meetings with other counsel and counsel for the State of Michigan, as well as other subclass counsel to resolve and accommodate the respective interests of all parties and class members. My involvement further included the development of draft injury criteria and compensable impairment and compensation grids, and then discussing and revising these documents. I initiated and then participated in numerous meetings with other subclass counsel to address the perplexing issues of defining and then evaluating the injuries suffered by children exposed to lead poisoning in the Flint water supply.

4. I have played an active role in settlement discussions between putative Class Plaintiffs and the State of Michigan, City of Flint, and individual governmental defendants (together, "Settling Defendants"). These were arm's-length negotiations that occurred under the supervision of Court-appointed Special Master Deborah

Greenspan and Court-appointed mediators the Honorable Pamela Harwood and Senator Carl Levin.

5. In my role as Interim Subclass Counsel for the Children's Injury subclass I vigorously advocated on behalf of young minors injured by lead-contaminated water in the City of Flint, and negotiated on their behalf with respect to how an aggregate settlement amount paid by the Settling Defendants would be allocated between the various proposed subclasses.

6. I also helped develop the Flint Water Cases Qualified Settlement Fund Categories, Monetary Awards, and Required Proofs Grid that will be used in the claims administration process to determine the amounts of any given monetary award to a minor claimant. This grid uses objective criteria to assess which category a minor claimant is in based on the claimant's injuries and indicates the corresponding award amount to which they are entitled. By providing an objective means for ascertaining the appropriate award amount to each minor claimant, the grid ensures that each minor claimant will be treated fairly.

7. I have independently determined that the settlement agreement reached between putative Class and Individual Plaintiffs and the Settling Defendants is fair and in the best interests of the minors participating in the settlement. The agreement is the product of months of vigorous negotiation between the parties before three different Court-appointed neutrals; provides clear guidelines for monetary awards

**DECLARATION OF REED COLFAX
IN SUPPORT OF CLASS PLAINTIFFS' MOTION FOR CERTIFICATION
OF A SETTLEMENT CLASS**

I, Reed Colfax, make this declaration pursuant to 28 U.S.C. § 1746. I
hereby declare under penalty of perjury that the following is true and correct:

1. I am a partner at Relman Colfax PLLC, and was appointed by the Court
as Interim Subclass Settlement Counsel for the Older Children's Injury (ages 7-17)
subclass. Dkt. No. 929. Pursuant to this appointment, I have been an active
participant in the settlement negotiation process.

2. Throughout the settlement negotiations, I advocated on behalf of
potential older minor claimants in order to ensure that the negotiation process, claims
procedure, and allocation would be fair and in the best interest of potential older
children claimants.

3. After my appointment in August 2019, I familiarized myself with the factual and legal issues relevant to a children's subclass and the nature and extent of its members' injuries. I reviewed the pleadings and orders filed in this case and extensive materials regarding the injuries children have suffered from exposure to the Flint water. This review included research regarding the most accurate and comprehensive ways to measure harm and the manifestations of injury. I had regular contact with several leading experts in the area of the effects of lead exposure as well as residents of the affected communities, including my client, the putative subclass representative, regarding the real-world impact of the Flint Water Crisis.

4. Armed with knowledge about the effects, harms, and injuries exposure to the Flint water caused older children, I played an active role in settlement discussions among counsel for the putative class Plaintiffs, other putative subclasses, and the settling Defendants. These were arm's-length negotiations that occurred under the supervision of Court-appointed Special Master Deborah Greenspan. In addition to multiple conferences facilitated by Special Master Greenspan, I participated in numerous meetings and telephone conferences with other Subclass counsel, with putative class counsel, and with counsel for the State.

5. In my role as interim subclass counsel for the Children's Injury subclass, I advocated throughout the process on behalf of older children injured by lead-contaminated water in the City of Flint, and negotiated on their behalf with

respect to how an aggregate settlement amount paid by the settling Defendants would best be allocated between the various proposed subclasses. While the settlement agreement reached between the parties does not contemplate certification of a subclass of older children for settlement purposes, the agreement expressly includes both minors and their parents and provides relief for minor claimants, regardless of whether they would ultimately be part of a discrete subclass.

6. I helped develop the qualified settlement fund categories, monetary awards, and required proofs grid that will be used in the claims administration process to determine the amounts of any given monetary award to a minor claimant. This grid uses objective criteria to establish the appropriate category for each minor claimant based on the claimant's injuries and set the corresponding award amount to which the claimant is entitled. I played a significant role ensuring that the most accurate and comprehensive measures of harm were included in the settlement grid and valued properly. I advocated for criteria that experts in the field identified as the best means for assessing injury for older children and those criteria are now effectively included in the settlement grid.

7. Additionally, I reviewed and had input on the process for distribution of settlements funds to older children.

8. As finalized and agreed to by all participants, the grid and settlement processes provide an objective means for ascertaining the appropriate award amount to each minor claimant, ensuring that each minor claimant will be treated fairly.

9. I have independently determined that the settlement agreement reached between putative class and individual Plaintiffs and the settling Defendants is fair and in the best interests of the minors participating in the settlement. From my perspective, the agreement provides appropriate guidelines for monetary awards such that all older children participating in the settlement will be on equal footing when filing their claims with class members and other children, and will provide much-needed relief far sooner than would be the case if this matter were litigated through trial.

10. Based on my experience litigating class actions and multiple plaintiff cases, I believe that this settlement is in the best interest of older children participating in the settlement because it avoids the costs and inherent risks associated with continued litigation, as well as the further delays that would be caused by any appeal.

I declare, under penalty of perjury, that the foregoing is true and correct.

**DECLARATION OF SETH R. LESSER
IN SUPPORT OF CLASS PLAINTIFFS' MOTION FOR CERTIFICATION OF A
SETTLEMENT CLASS**

I, Seth R. Lesser, make this declaration pursuant to 28 U.S.C. § 1746. I hereby declare under penalty of perjury that the following is true and correct:

1. I am a member of the Bar of this Court and am a partner in the law firm of Klafter Olsen & Lesser LLP. I was appointed by the Court as Interim Subclass Settlement Counsel for a Future Manifesting Injury Subclass. Dkt. No. 929. Pursuant to this appointment, I was an active participant in the settlement negotiation process, both in terms of the deliberations of the Subclass Settlement Counsel, among themselves, and with all the parties to the negotiations that led to the proposed settlement.

2. Inasmuch as no specific "subclass" for individuals with future manifesting injuries is within the settlement agreement reached between the parties, throughout the negotiating process I advocated on behalf of future claimants, both

minors as well as adults, and reviewed the various proposals with an eye to addressing such later-manifesting injuries. This included not only the monetary compensation proposals and allocation, but also considerations for programmatic relief, as well as the procedures directed to ensuring fair dissemination of notice of the settlement and appropriate claims procedures.

3. After my appointment in August of 2019, I spoke with the potential subclass representative, and thereupon reviewed a package of scientific, medical, epidemiological and other materials provided to the Subclass Settlement Counsel by the Plaintiffs' Steering Committee ("PSC") which also included materials relevant to the history of the litigation of this and the other parallel cases. I then went beyond those materials by obtaining yet other materials relating to the relevant medical concerns and spoke with several leading experts in the field so as to be able to evaluate the nature of future manifesting injuries, as well as what could be done to ameliorate the risks and to address such injuries should they manifest. I also spoke to individuals with knowledge as to the programs that exist and that might continue hereafter to exist that provide services to Flint residents, including adults and children, to evaluate, on a going forward basis, what evaluative and ameliorative programs existed and would continue to exist. In addition, I spoke to Lead Counsel, individual members of the PSC, and, after proposals were formulated vis-à-vis allocation, with Liaison Counsel and the Special Master regarding these matters as

well as related issues regarding funding or insurance to ensure maximum potential payments for future-arising (i.e., manifesting) injuries and claims.

4. In addition, I also took a leading role from October 2019 into February 2020 in organizing the Subclass Settlement Counsel through email communications, telephone conferences, and an in-person meeting in late January at which we developed a proposed plan of allocation. Thereafter, I continued to play a leading role among the Subclass Settlement Counsel in taking that proposal to Lead Counsel, Liaison Counsel, the Special Master, and the State's counsel, and being involved in conferences between these groups and individuals concerning the proposed allocation, as well as related issues concerning a settlement injury "grid" and how, in a settlement agreement, the various subclasses would be best handled. There was substantial back and forth between the Subclass Counsel, including myself, and the State and Liaison Counsel as to the structure of any settlement, the allocated amounts, and the nature of any claims process. These considerations are all necessarily intertwined with representing those individuals who may have first-time or exacerbated future manifesting injuries and my input was informed by the work described in paragraphs 3 and 4.

5. Accordingly, before and during the settlement meeting arranged by the Special Master on February 12 in Ann Arbor, I vigorously advocated on behalf of future claimants injured by lead-contaminated water in the City of Flint, and

negotiated on their behalf with respect to how an aggregate settlement amount paid by the Settling Defendants would be allocated between the various proposed subclasses. At the February 12 meeting, after day long in person negotiations, agreement was reached as to allocations of settlement amounts, but the negotiations also touched upon and raised further relevant matters as to notice, approval procedures, and the settlement grid.

6. Subsequently, over the next several months, I was one of the primary Subclass Counsel to remain involved in the negotiation of what became, in the proposed settlement, the Flint Water Cases Qualified Settlement Fund Categories, Monetary Awards, and Required Proofs Grid that will be used in the claims administration process to determine the amounts of any given monetary award to a minor claimants, which also apply to future minor claimants. This grid uses objective criteria to assess which category a minor claimant is in based on the claimant's injuries and indicates the corresponding award amount to which they are entitled. By providing an objective means for ascertaining the appropriate award amount to each minor claimant, the grid ensures that each claimants will be treated fairly.

7. In light of the work that I undertook; the materials I reviewed; the consultations I had with attorneys, doctors, experts, and counsel for the parties to the settlement agreement; and my own independent evaluation of the law and the settlement agreement itself, I am of the opinion that the settlement agreement

reached between putative Class and Individual Plaintiffs and the Settling Defendants is fair and in the best interests of future claimants, specifically minors, who may participate in the settlement. The agreement is the product of months of vigorous negotiation between the parties, provides clear guidelines for monetary awards such that all future minor claimants will be on equal footing when filing their claims; and will provide much-needed relief far sooner than would be the case if this matter were litigated through trial.

8. This settlement is further in the best interest of future claimants, including most materially minors, participating in the settlement because it avoids the costs and inherent risks associated with continued litigation, as well as the further delays that would be caused by any appeal.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true to the best of my knowledge, information and belief.

**DECLARATION OF SARAH R. LONDON
IN SUPPORT OF CLASS PLAINTIFFS' MOTION TO CERTIFY
SETTLEMENT CLASS**

I, Sarah R. London, make this declaration pursuant to 28 U.S.C. § 1746. I hereby declare under penalty of perjury that the following is true and correct:

1. I am a partner at Lief Cabraser Heimann & Bernstein, LLP, and was appointed by the Court as Interim Subclass Settlement Counsel for a Property Damage Subclass. Dkt. No. 929. Pursuant to this appointment, I have been a participant in portions of the settlement negotiation process.

2. After my appointment in August 2019, I familiarized myself with the factual and legal issues relevant to the Property Damage subclass and the nature and extent of its members' injuries by gathering information from the subclass representative, speaking with subject matter experts, reviewing expert reports and analyses, and reviewing the pleadings and orders filed in this case..

3. I have played an active role in several settlement discussions between putative Class Plaintiffs and the State of Michigan, City of Flint, and individual governmental defendants (together, “Settling Defendants”). These were arm’s-length negotiations that occurred under the supervision of Court-appointed Special Master Deborah Greenspan and Court-appointed mediators the Honorable Pamela Harwood and Senator Carl Levin.

4. In my role as Interim Subclass Counsel for the Property Damage Subclass I vigorously advocated on behalf of Flint property owners that suffered losses due to the lead-contaminated water in the City of Flint, and negotiated on their behalf with respect to how an aggregate settlement amount paid by the Settling Defendants would be allocated between the various proposed subclasses.

5. I received the Flint Water Cases Qualified Settlement Fund Categories, Monetary Awards, and Required Proofs Grid that will be used in the claims administration process to determine the amounts of any given monetary award to a residential property damage claimant. The grid clearly sets forth the requirements for a residential property claimant to be eligible for a monetary award and the proof it must submit in support of a claim so as to ensure administration of claims.

6. Under the agreement, a property damage claimant must provide evidence of residential property ownership or lease. Once eligibility is established

through such proof, the amount of an award to a property damage claimant will depend in part upon the number of claimants seeking awards, subject to the limitation that no award for property damage will exceed \$1,000.

7. The agreement is the product of months of vigorous negotiation between the parties before three different Court-appointed neutrals; provides clear guidelines for monetary awards such that all Flint residential property claimants participating in the settlement will be on equal footing when filing their claims; and will provide much-needed relief far sooner than would be the case if this matter were litigated through trial.

8. This settlement avoids the costs and inherent risks associated with continued litigation, as well as the further delays that would be caused by any appeal.

I declare, under penalty of perjury, that the foregoing is true and correct.

**DECLARATION OF DENNIS C. REICH
IN SUPPORT OF CLASS PLAINTIFFS' MOTION FOR CERTIFICATION
OF A SETTLEMENT CLASS**

I, Dennis C. Reich, make this declaration pursuant to 28 U.S.C. § 1746. I hereby declare under penalty of perjury that the following is true and correct:

1. I am a founding partner at Reich & Binstock, LLP, and was appointed by the Court as Interim Subclass Settlement Counsel for a Business Economic Loss ("Business Loss") Subclass. Dkt. No. 929. Pursuant to this appointment, I have been an active participant in the settlement negotiation process.

2. After my appointment in August 2019, I familiarized myself with the factual and legal issues relevant to the Business Loss subclass and the nature and extent of its members' injuries by speaking with the subclass representative, as well as by reviewing the pleadings and orders filed in this case. I also participated in multiple in person and telephonic meetings with Subclass Settlement Counsel and

Special Master Greenspan regarding the economic impact that the Flint water crisis had on commercial properties and business owners. I consulted with an urban policy expert and economist who analyzed the impact of the lead contamination on the revenues and profits of businesses located in the geographical area encompassing Flint and Genesee County, Michigan. I had also traveled to Flint shortly before being officially appointed as Subclass Settlement Counsel in the case and had an opportunity to observe and talk to some resident about the state of the local economy before and after the water crisis.

3. I have played an active role in settlement discussions between putative Class Plaintiffs and the State of Michigan, City of Flint, and individual governmental defendants (together, “Settling Defendants”). These were arm’s-length negotiations that occurred under the supervision of Court-appointed Special Master Deborah Greenspan and Court-appointed mediators the Honorable Pamela Harwood and Senator Carl Levin.

4. 5. I provided input on and reviewed the Flint Water Cases Qualified Settlement Fund Categories, Monetary Awards, and Required Proofs Grid that will be used in the claims administration process to determine the amounts of any given monetary award to a business loss claimant. The grid clearly sets forth the requirements for a business to be eligible for a monetary award and the proof it must submit in support of a claim so as to ensure a fair administration of claims.

6. Under the agreement, damages for business loss are measured by loss of net profits year of year as reflected in a business' tax filing, which will provide for an award commensurate with economic losses, subject to a cap of \$5,000. The cap on losses allows for broad compensation across the business loss subclass.

7. I have independently determined that the settlement agreement reached between putative Class and Individual Plaintiffs and the Settling Defendants is fair and in the best interests of the Business Loss claimants participating in the settlement. The agreement is the product of months of vigorous negotiation between the parties before three different Court-appointed neutrals; provides clear guidelines for monetary awards such that all Flint businesses participating in the settlement will be on equal footing when filing their claims; and will provide much-needed relief far sooner than would be the case if this matter were litigated through trial.

8. This settlement is further in the best interest of Flint businesses participating in the settlement because it avoids the costs and inherent risks

associated with continued litigation, as well as the further delays that would be caused by any appeal.

1. I am a partner at Freedman, Boyd, Hollander, Goldberg, Urias & Ward, and was appointed by the Court as Interim Subclass Settlement Counsel for an Adult Injury Subclass. Dkt. No. 929. Pursuant to this appointment, I have been an active participant in the settlement negotiation process.

2. I also met with members of the subclass, spoke with medical and other experts, analyzed data concerning the impact

of lead exposure on adults in Flint, and engaged in several meetings with liaison, class, and other subclass counsel.

3. I have played an active role in settlement discussions between putative Class Plaintiffs and the State of Michigan, City of Flint, and individual governmental defendants (together, “Settling Defendants”). 5. I provided input on and reviewed the Flint Water Cases Qualified Settlement Fund Categories, Monetary Awards, and Required Proofs Grid that will be used in the claims administration process to determine the amounts of any given monetary award to a residential property damage claimant. The Grid clearly sets forth the requirements for an adult class member to be eligible for a monetary award and the proof he or she must submit in support of a claim so as to ensure a fair administration of claims.

6. Under the agreement, damages for adult injuries are available for adults who were exposed to Flint water and had demonstrated elevated blood lead levels during a specified period; suffered physical injuries from lead exposure; contracted Legionnaire's disease; or suffered a miscarriage during a specified period. The Grid attached as an Exhibit to the Settlement agreement explains the required proofs for each of these separate categories, which proofs including blood or bone tests and/or medical records. These are objective requirements that will apply equally to all potential adult claimants.

7. I have independently determined that the settlement agreement reached between putative Class and Individual Plaintiffs and the Settling Defendants is fair and in the best interests of the Adult Injury claimants participating in the settlement. The agreement is the product of months of vigorous negotiation between the parties before three different Court-appointed neutrals; provides clear guidelines for monetary awards such that all Flint businesses participating in the settlement will be on equal footing when filing their claims; and will provide much-needed relief far sooner than would be the case if this matter were litigated through trial.

Claimant is eligible or determine whether the Claimant is not eligible for payment;

- c. Set-up and maintain a secure database to contain all relevant data regarding each Claimant (and providing access and use to the Special Master), including but not limited to: Registration Forms, Claim Forms, and Claims Materials; assigned Settlement Category; communications to/from Claimants (including but not limited to Adverse Notices, Favorable Notices, Reconsideration Requests, appeals); and any other data deemed relevant by the Parties, the Claims Administrator, Lien Resolution Administrator, QSF Administrator, or the Special Master;
- d. Coordinate and communicate as necessary with the Parties, their counsel, and others as directed by the Parties; design and maintain an official website; establish a “help line” to answer questions from Claimants regarding processes and procedures for registering for and participating in the Settlement Program; and coordinate with the Co-Lead Class Counsel, Co- Liaison Counsel, and Defendants’ Counsel in drafting form letters for use in conveying such things as Adverse Notices, Favorable Notices, and Monetary Awards, if any, to Claimants;
- e. Coordinate and communicate with the Settlement Planning Administrator and the Master GAL or other person designated by the Federal Court to ensure that all Structured Settlements are established in compliance with applicable laws and regulations,

including “qualified assignments” that will comply with Section 130(c) of the Internal Revenue Code, and “non-qualified assignments” that will not rely upon nor comply with Internal Revenue Code 130(c) (see P.L.R. 200836019);

- f. Provide monthly reports to Plaintiffs’ Counsel and Defendants’ Counsel regarding all tasks performed by the Claims Administrator, Special Master, and Lien Resolution Administrator in accordance with the Settlement Agreement, including (i) the status of the Claims Administrator’s registration and Claims reviews and determinations; (ii) the number of Adverse Notices issued and the status of Claimants’ responses thereto; (iii) the number and status of Reconsideration Requests; (iv) the number and status of appeals; (v) the number of Favorable Notices; (vi) the number of Claimants assigned to each Settlement Category; and (vii) the status of lien resolution by the Lien Resolution Administrator;
- g. The Claims Administrator shall establish a secure website to facilitate the transmission of and access to in electronic form all submissions to and communications from the Claims Administrator or the Special Master authorized or required by this Settlement Agreement. This website shall be hosted in a secure environment;
- h. Maintain appropriate books, records, and documents such as contracts, tax returns, invoices and receipts including those needed for the

purpose of obtaining reimbursement of costs and expenses related to the performance of the Claims Administrator's duties under this Settlement;

- i. Maintain a list of Claimants and, if any, their retained counsel; and
- j. Perform such other tasks reasonably necessary to accomplish the goals contemplated by this Settlement Agreement, as agreed to by Plaintiffs' Counsel, Defense Counsel, and the Claims Administrator.

8. Additionally, I have been asked to review the proposed Settlement Agreement in the above-captioned case and to consider whether the Settlement Program is fair and effective. Based upon my experience with similar settlements, the Settlement Program appears to be both fair and effective. Complete with the requisite information, the contemplated Settlement Program provides adequate notice to encourage all potential Claimants to file separate and timely Registration and Claim Forms to be considered for inclusion in the settlement. The Settlement Program provides potential Claimants with the option of filing Registration and Claim Forms by mail or via the settlement website. A call center will also be available to provide potential Claimants with a resource to answer questions regarding the Settlement Program. ARCHER has considerable experience in claims administration roles and will employ a team of tort-specific trained employees solely dedicated to the review of claimant submissions, including Registration and Claim Forms, in addition to supporting documentation, to ensure document sufficiency and integrity. Each Claimant's Registration and Claim Forms and supporting documentation will be

individually reviewed to certify accuracy and satisfaction of the terms of the Settlement Program.

9. ARCHER is also being proposed, together with MASSIVE, to serve as Lien Resolution Administrators (“LRAs”) for the Settlement. The large number of potential Claimants requires a consistent and universal resolution program to satisfy the repayment rights for both government health plan entities and private plan entities, if any, and ARCHER and MASSIVE are well situated to work with those entities to identify and secure global procedures and associated repayment terms that will create the most favorable results and efficiencies for the parties. ARCHER has deep subject matter experience in the development of global models for lien resolution and is ideally suited to serve as LRA for this litigation. In other contexts, ARCHER has successfully secured CMS’s approval on global resolution models in a broad variety of national mass tort, multi-district litigation, and class action matters, including *Medtronic Infuse Bone Graft Litigations*, *Janssen Risperdal Confidential Exposure Litigations*, *In re: Avandia Marketing, Sales Practices and Products Liability Litigation*, Case No. 07-md-1871, MDL 1871 (E.D. Pa.), *Pradaxa, Wright Hip, Granuflo, In re: Testosterone Replacement Therapy Products Liability Litigation*, Case No. 14-cv-1748, MDL 2545 (N.D. Ill.), *In re: Benicar (Olmesartan) Products Liability Litigation*, Case No. 15-md-2606, MDL 2606 (D.N.J.), and *In re: Stryker LFIT V40 Femoral Head Products Liability Litigation*, Case No. 17-md-2768, MDL 2768 (D. Ma.).

10. ARCHER and MASSIVE’s resolution programs provide significant

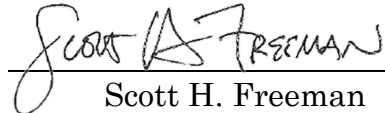

benefits to claimants and defendants alike. For Claimants, ARCHER and MASSIVE will create a global resolution program that avoids the time delays associated with individual, claimant- by-claimant reimbursement. It also ensures that similarly situated Claimants achieve parallel outcomes and a fair reimbursement amount for each compensable injury category. For defendants, ARCHER and MASSIVE's global programs address the defendants' mandatory insurer reporting requirements under Section 111 of MMSEA. In most global resolution programs, ARCHER has obtained "exemptions" from MMSEA reporting for every defendant who settles claims. Here, ARCHER and MASSIVE will coordinate such exemptions for all involved defendants.

11. In sum, the duties required under the Settlement Agreement for the Claims Administrator and QSF Administrator are substantial, complex, and require both close involvement and a long-term commitment. The rates proposed by ARCHER to administer this settlement are both reasonable and competitive for such duties and period. ARCHER specializes in complex settlement administrations of this type and has extensive experience in doing so. Examples of ARCHER's administration of complex class actions requiring a similar level of hands-on oversight by the Claims Administrator and QSF Administrator include the following: *Federal Insurance Company vs. Caldera Medical, Inc., et al.*, U. S. District Court, Central District of California; *Bernadette Tanguilig v. Bloomingdale's, Inc.*, Superior Court of California, County of San Francisco; *George G. Parker, et al., individually and on behalf of all others similarly situated, vs. The City of Dallas, Texas*; *David S.*

Martin, et al., individually and on behalf of all others similarly situated vs. The City of Dallas, Texas, 382nd Judicial District Court, Rockwall County Texas; Jeffrey Davis and Tiffany Carroll v. World Wide Consulting Services, Inc., Peter D. Ferrigan, and Jeff Wyler Automotive Family, Inc., United States District Court for the Southern District of Ohio; and Moen, et al., v. Regents of University of California, Superior Court of the State of California, County of Alameda.

I declare under penalty of perjury, under the laws of the State of Michigan, that the foregoing is true and correct.

Executed this 17th day of November, 2020 at Houston, Texas.

a) *In re Takata Airbag Products Liability Litigation*, 1:15-md-02599-FAM (S.D. Fla), involved \$1.49 billion in settlements with BMW, Mazda, Subaru, Toyota, Honda, Nissan, and Ford regarding Takata airbags. The notice plans in those settlements included individual mailed notice to more than 59.6 million potential class members and extensive nationwide media via consumer publications, U.S. Territory newspapers, radio spots, internet banners, mobile banners, and behaviorally targeted digital media. Hilsoft also implemented an extensive online notice campaign with banner notices, which generated more than 770 million adult

impressions, a settlement website in eight languages, and acquisition of sponsored search listings to facilitate locating the website. For the subsequent superseding \$5.54 billion settlement reached by Visa and MasterCard in 2019, Hilsoft implemented an extensive notice program, which included over 16.3 million direct mail notices to class members together with over 354 print publication units and banner notices, which generated more than 689 million adult impressions.

e) *In Re: Premera Blue Cross Customer Data Security Breach Litigation*, 3:15-md-2633 (D. Ore.), involved an extensive individual notice program, which included 8.6 million double-postcard notices and 1.4 million email notices. The notices informed class members of a \$32 million settlement for a “security incident” regarding class members’ personal information stored in Premera’s computer network, which was compromised. The individual notice efforts reached 93.3% of the settlement class. A settlement website, an informational release, and a geo-targeted publication notice further enhanced the notice efforts.

f) *In re: Oil Spill by the Oil Rig “Deepwater Horizon” in the Gulf of Mexico, on April 20, 2010*, MDL No. 2179 (E.D. The more than 20 representative banks include Fifth Third Bank, National City Bank, Bank of Oklahoma, Webster Bank, Harris Bank, M & I Bank, PNC Bank, Compass Bank, Commerce Bank, Citizens Bank, Great Western Bank, TD Bank, BancorpSouth, Comerica Bank, Susquehanna Bank, Associated Bank, Capital One, M&T Bank, Iberiabank, and Synovus.

DECLARATION OF CAMERON R. AZARI, ESQ. ON SETTLEMENT NOTICE PLAN

6. Courts have recognized our testimony as to which method of notification is appropriate for a given case, and I have provided testimony on numerous occasions on whether a certain method of notice represents the best notice practicable under the circumstances. For example:

a) *In re Payment Card Interchange Fee and Merchant Discount Antitrust Litigation*, MDL No. 1720 (E.D. NY.) Judge Margo K. Brodie stated on December 13, 2019:

The notice and exclusion procedures provided to the Rule 23(b)(3) Settlement Class, including but not limited to the methods of identifying and notifying members of the Rule 23(b)(3) Settlement Class, were fair, adequate, and sufficient, constituted the best practicable notice under the circumstances, and were reasonably calculated to apprise members of the Rule 23(b)(3) Settlement Class of the Action, the terms of the Superseding Settlement Agreement, and their objection rights, and to apprise members of the Rule 23(b)(3) Settlement Class of their exclusion rights, and fully satisfied the requirements of Rule 23 of the Federal Rules of Civil Procedure, any other applicable laws or rules of the Court, and due process.

b) *In re: Takata Airbag Products Liability Litigation (Ford)*, MDL No. 2599 (S.D. Fla.), Judge Federico A. Moreno stated on December 20, 2018:

The record shows and the Court finds that the Class Notice has been given to the Class in the manner approved by the Court in its Preliminary Approval Order. The Court finds that such Class Notice: (i) is reasonable and constitutes the best practicable notice to Class Members under the circumstances; (ii) constitutes notice that was reasonably calculated, under the circumstances, to apprise Class Members of the pendency of the Action and the terms of the Settlement Agreement, their right to exclude themselves from the Class or to object to all or any part of the Settlement Agreement, their right to appear at the Fairness Hearing (either on their own or through counsel hired at their own expense) and the binding effect of the orders and Final Order and Final Judgment in the Action, whether favorable or unfavorable, on all persons and entities who or which do not exclude themselves from the Class; (iii) constitutes due, adequate, and sufficient notice to all persons or entities entitled to receive notice; and (iv) fully satisfied the requirements of the United States Constitution (including the Due Process Clause), FED. R. Civ. P. 23 and any other applicable law as well as complying with the Federal Judicial Center's illustrative class action notices.

c) *Hale v. State Farm Mutual Automobile Insurance Company, et al.*, 3:12-cv-00660-DRH-SCW (S.D. Ill.), Judge Herndon stated on December 16, 2018:

The Class here is estimated to include approximately 4.7 million members. Approximately 1.43 million of them received individual postcard or email notice of the terms of the proposed Settlement, and the rest were notified via a robust

publication program “estimated to reach 78.8% of all U.S. Adults Aged 35+ approximately 2.4 times.” Doc. 966-2 ¶¶ 26, 41. The Court previously approved the notice plan (Doc. 947), and now, having carefully reviewed the declaration of the Notice Administrator (Doc. 966-2), concludes that it was fully and properly executed, and reflected “the best notice that is practicable under the circumstances, including individual notice to all members who can be identified through reasonable effort.” See Fed. R. Civ. P. 23(c)(2)(B). The Court further concludes that CAFA notice was properly effectuated to the attorneys general and insurance commissioners of all 50 states and District of Columbia.

d) *Vergara, et al., v. Uber Technologies, Inc.*, 1:15-CV-06972 (N.D. Ill.), Judge

Thomas M. Durkin stated on March 1, 2018:

The Court finds that the Notice Plan set forth in Section IX of the Settlement Agreement and effectuated pursuant to the Preliminary Approval Order constitutes the best notice practicable under the circumstances and shall constitute due and sufficient notice to the Settlement Classes of the pendency of this case, certification of the Settlement Classes for settlement purposes only, the terms of the Settlement Agreement, and the Final Approval Hearing, and satisfies the requirements of the Federal Rules of Civil Procedure, the United States Constitution, and any other applicable law. Further, the Court finds that Defendant has timely satisfied the notice requirements of 28 U.S.C. Section 1715.

e) *In re: Volkswagen “Clean Diesel” Marketing, Sales Practices and Products*

Liability Litigation (Bosch Settlement), MDL No. 2672 (N.D. Cal.), Judge Charles R.

Breyer stated on May 17, 2017:

The Court is satisfied that the Notice Program was reasonably calculated to notify Class Members of the proposed Settlement. The Notice “apprise[d] interested parties of the pendency of the action and afford[ed] them an opportunity to present their objections.” Mullane v. Cent. Hanover Bank & Trust Co., 339 U.S. 306, 314 (1950). Indeed, the Notice Administrator reports that the notice delivery rate of 97.04% “exceed[ed] the expected range and is indicative of the extensive address updating and re-mailing protocols used.” (Dkt. No. 3188-2 ¶ 24.)

f) *Chimeno-Buzzi v. Hollister Co. and Abercrombie & Fitch Co.*, No. 14-23120

(S.D. Fla.), Judge Marcia G. Cooke stated on April 11, 2016:

Pursuant to the Court’s Preliminary Approval Order, the Settlement Administrator, Epiq Systems, Inc. [Hilsoft Notifications], has complied with the approved notice process as confirmed in its Declaration filed with the Court on March 23, 2016. The Court finds that the notice process was designed to advise Class Members of their rights. The form and method for notifying Class Members of the settlement and its terms and conditions was in conformity with this Court’s Preliminary Approval Order, constituted the best notice practicable under the circumstances, and satisfied the requirements of Federal Rule of Civil Procedure 23(c)(2)(B), the Class Action Fairness Act of 2005 (“CAFA”), 28 U.S.C. § 1715, and due process under the United States Constitution and other applicable laws.

g) *Rose v. Bank of America Corporation, and FIA Card Services, N.A.*, Nos. 5:11-CV-02390-EJD; 5:12-CV-04009-EJD (N.D. Cal.), Judge Edward J. Davila stated on August 29, 2014:

The Court finds that the notice was reasonably calculated under the circumstances to apprise the Settlement Class of the pendency of this action, all material elements of the Settlement, the opportunity for Settlement Class Members to exclude themselves from, object to, or comment on the settlement and to appear at the final approval hearing. The notice was the best notice practicable under the circumstances, satisfying the requirements of Rule 23(c)(2)(B); provided notice in a reasonable manner to all class members, satisfying Rule 23(e)(1)(B); was adequate and sufficient notice to all Class Members; and, complied fully with the laws of the United States and of the Federal Rules of Civil Procedure, due process and any other applicable rules of court.

h) *In Re: Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico*, on April 20, 2010, MDL No. 2179 (E.D. La.), Judge Carl J. Barbier stated on January 11, 2013:

The Court finds that the Class Notice and Class Notice Plan satisfied and continue to satisfy the applicable requirements of Federal Rule of Civil Procedure 23(c)(2)(b) and 23(e), the Class Action Fairness Act (28 U.S.C. § 1711 et seq.), and the Due Process Clause of the United States Constitution (U.S. Const., amend. V), constituting the best notice that is practicable under the circumstances of this litigation.

The notice program surpassed the requirements of Due Process, Rule 23, and CAFA. Based on the factual elements of the Notice Program as detailed below, the Notice Program surpassed all of the requirements of Due Process, Rule 23, and CAFA.

The media notice effort alone reached an estimated 95% of adults in the Gulf region an average of 10.3 times each, and an estimated 83% of all adults in the United States an average of 4 times each. These figures do not include notice efforts that cannot be measured, such as advertisements in trade publications and sponsored search engine listings. The Notice Program fairly and adequately covered and notified the class without excluding any demographic group or geographic area, and it exceeded the reach percentage achieved in most other court-approved notice programs.

7. Numerous other court opinions and comments regarding my testimony, and the adequacy of our notice efforts, are included in Hilsoft's curriculum vitae included as **Attachment 1**.

8. In forming expert opinions, my staff and I draw from our in-depth class action case experience, as well as our educational and related work experiences. I am an active member of the

Oregon State Bar, having received my Bachelor of Science from Willamette University and my Juris Doctor from Northwestern School of Law at Lewis and Clark College. I have served as the Director of Legal Notice for Hilsoft since 2008 and have overseen the detailed planning of virtually all of our court-approved notice programs during that time. Before assuming my current role with Hilsoft, I served in a similar role as Director of Epiq Legal Noticing (previously called Huntington Legal Advertising). Overall, I have over 20 years of experience in the design and implementation of legal notification and claims administration programs, having been personally involved with hundreds of successful notice programs.

OVERVIEW

9. This declaration details the Settlement Notice Plan (“Notice Plan”) proposed here for the Settlement in *In re Flint Water Cases*, Civil Action No. 5:16-cv-10444-JEL-MKM (consolidated) in the United States District Court for the Eastern District of Michigan. The facts in this declaration are based on my personal knowledge, as well as information provided to me by my colleagues in the ordinary course of my business at Hilsoft and Epiq. We developed the Notice Plan based on our extensive prior experience and research into the notice issues in this case. We have analyzed the most effective method of notice for this Settlement Class.

10. Given our experience with similar notice efforts, we expect that the proposed Notice Plan notice efforts will reach at least 90% of the Settlement Class Members. In my experience, the projected reach of the Notice Plan is consistent with other court-approved notice programs, and has been designed to meet due process requirements. In my opinion, the Notice Plan is the best notice practicable under the circumstances of this case and satisfies the requirements of due process, including its “desire to actually inform” requirement.¹

¹ “But when notice is a person’s due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it. The reasonableness and hence the constitutional validity of any chosen method may be defended on the ground that it is in itself reasonably certain to inform those affected” *Mullane v. Cent. Hanover Bank & Trust Co.*, 339 U.S. 306, 315 (1950).

NOTICE PLANNING METHODOLOGY

11. Rule 23 of the Federal Rules of Civil Procedure directs that the best notice practicable under the circumstances, including “individual notice to all members who can be identified through reasonable effort.”² The proposed Notice Plan satisfies this requirement.

12. Hilsoft uses data sources and tools that are commonly employed by experts in this field to analyze the reach and frequency³ of the media portion of a Notice Plan. These include GfK Mediamark Research & Intelligence, LLC (“MRI”) data,⁴ which provides statistically significant readership and product usage data, Comscore⁵ and Alliance for Audited Media (“AAM”)⁶

² FRCP 23(c)(2)(B).

³ Reach is defined as the percentage of a class exposed to a notice, net of any duplication among people who may have been exposed more than once. Notice “exposure” is defined as the opportunity to read a notice. The average “frequency” of notice exposure is the average number of times that those reached by a notice would be exposed to a notice.

⁴ GfK Mediamark Research & Intelligence, LLC (“MRI”) is a leading source of publication readership and product usage data for the communications industry. MRI offers comprehensive demographic, lifestyle, product usage and exposure to all forms of advertising media collected from a single sample. As the leading U.S. supplier of multimedia audience research, MRI provides information to magazines, televisions, radio, Internet, and other media, leading national advertisers, and over 350 advertising agencies—including most of the top agencies in the United States. MRI’s national syndicated data is widely used by companies as the basis for the majority of the media and marketing plans that are written for advertised brands in the U.S.

⁵ Comscore is a global Internet information provider on which leading companies and advertising agencies rely for consumer behavior insight and Internet usage data. Comscore maintains a proprietary database of more than two million consumers who have given comScore permission to monitor their browsing and transaction behavior, including online and offline purchasing. Comscore panelists also participate in survey research that captures and integrates their attitudes and intentions.

⁶ Established in 1914 as the Audit Bureau of Circulations (“ABC”), and rebranded as Alliance for Audited Media (“AAM”) in 2012, AAM is a non-profit cooperative formed by media, advertisers, and advertising agencies to audit the paid circulation statements of magazines and newspapers. AAM is the leading third party auditing organization in the U.S. It is the industry’s leading, neutral source for documentation on the actual distribution of newspapers, magazines, and other publications. Widely accepted throughout the industry, it certifies thousands of printed publications as well as emerging digital editions read via tablet subscriptions. Its publication audits are

statements, which certify how many readers buy or obtain copies of publications. These tools, along with demographic breakdowns indicating how many people use each media vehicle, as well as computer software that take the underlying data and factor out the duplication among audiences of various media vehicles, allow us to determine the net (unduplicated) reach of a particular mailing and media schedule. We combine the results of this analysis to help determine notice plan sufficiency and effectiveness.

13. **Tools and data trusted by the communications industry and courts.** Virtually all of the nation's largest advertising agency media departments utilize, scrutinize, and rely upon such independent, time-tested data and tools, including net reach and de-duplication analysis methodologies, to guide the billions of dollars of advertising placements that we see today, providing assurance that these figures are not overstated. These analyses and similar planning tools have become standard analytical tools for evaluations of notice programs, and have been regularly accepted by courts.

14. In fact, advertising and media planning firms around the world have long relied on audience data and techniques: AAM data has been relied on since 1914; 90 to 100% of media directors use reach and frequency planning;⁷ all of the leading advertising and communications textbooks cite the need to use reach and frequency planning.⁸ Over 350 advertising agencies, 200

conducted in accordance with rules established by its Board of Directors. These rules govern not only how audits are conducted, but also how publishers report their circulation figures.

⁷ See generally Peter B. Turk, Effective Frequency Report: Its Use And Evaluation By Major Agency Media Department Executives, 28 J. ADVERTISING RES. 56 (1988); Peggy J. Kreshel et al., How Leading Advertising Agencies Perceive Effective Reach and Frequency, 14 J. ADVERTISING 32 (1985).

⁸ Textbook sources that have identified the need for reach and frequency for years include: JACK S. SISSORS & JIM SURMANEK, ADVERTISING MEDIA PLANNING, 57-72 (2d ed. 1982); KENT M. LANCASTER & HELEN E. KATZ, STRATEGIC MEDIA PLANNING 120-156 (1989); DONALD W. JUGENHEIMER & PETER B. TURK, ADVERTISING MEDIA 123-126 (1980); JACK Z. SISSORS & LINCOLN BUMBA, ADVERTISING MEDIA PLANNING 93 122 (4th ed. 1993); JIM SURMANEK, INTRODUCTION TO ADVERTISING MEDIA: RESEARCH, PLANNING, AND BUYING 106-187 (1993).

media companies and 50 plus advertisers use MRI data, Comscore is used by the major holding company agencies worldwide which includes Dentsu Aegis Networking, GroupM, IPG and Publicis, in addition to independent agencies for TV and digital media buying and planning, and at least 25,000 media professionals in 100 different countries use media planning software.⁹

NOTICE PLAN DETAIL

15. I have reviewed the proposed Settlement Agreement and the Notice Plan is designed to provide notice to the following Settlement Class:

[A]ll persons or entities who are or could be claiming personal injury, property damage, business economic loss, unjust enrichment, breach of contract, or seeking any other type of damage or relief because at any time during the Exposure Period they: (1) were an Adult who owned or lived in a residence that received water from the Flint Water Treatment Plant, or were legally liable for the payment of such water; (2) owned or operated a business including income earning real property and any other businesses, that received water from the Flint Water Treatment Plant or were legally liable for the payment for such water; or (3) were an Adult during the Exposure Period and who ingested or came into contact with water received from the Flint Water Treatment Plant.

Excluded from the Settlement Class are: (1) Defendants; (2) the judicial officers to whom this case is assigned in the Federal Court, Genesee County Circuit Court, and Court of Claims, their staff, and the members of their immediate families; (3) all Individual Plaintiffs; and (4) all persons who timely opt out of the Settlement Class.

16. I fully understand that the defined terms used in the definition of the Settlement Class are defined in the Settlement Agreement as follows:

- “Adult” means any person 18 years or older.
- “Exposure Period” means April 25, 2014 to the Execution Date.
- “Flint Water Treatment Plant” means the facility at 4500 Dort Highway, Flint, MI 48506 that treats and distributes water to Flint residents and service areas

⁹ For example, Telmar is the world's leading supplier of media planning software and support services. Over 25,000 media professionals in 100 countries use Telmar systems for media and marketing planning tools including reach and frequency planning functions. Established in 1968, Telmar was the first company to provide media planning systems on a syndicated basis.

identified on Exhibit 4 of the Settlement Agreement.

17. It is my understanding from discussions with counsel that the Settlement (the “Settlement Program”) is global in nature and includes remedies for Settlement Class Members and separately, individuals who are a “Minor,” and “Individual Plaintiffs” (who are represented by their own counsel). It is further my understanding that individuals who are a Minor and previously noted Individual Plaintiffs are not members of the Settlement Class.

18. It is my understanding that the parties will provide Epiq with a Settlement Class List (that may be combined with other commercially available lists of people who live or lived in Flint, Michigan during the Exposure Period), which will include the last known mailing addresses for all known Settlement Class Members. The Notice Plan provides for sending a Long Form Notice Package (Settlement Program Overview Notice, Long Form Notice, Registration Form, Opt Out Form, and Compensation Form) to all Settlement Class Members who are reasonably identifiable from the records to be provided to Epiq. The Long Form Notice Package will be mailed via United States Postal Service (“USPS”) first class mail. The Notices will direct the recipients to a website dedicated to the Settlement where they can access additional information.

Individual Notice – Direct Mail

19. Epiq will send a Long Form Notice Package to the Settlement Class Members included on the Settlement Class List. The Long Form Notice Package will include the a Settlement Program Overview Notice, Long Form Notice, Registration Form, Opt Out Form, and Compensation Grid. A copy of the proposed Settlement Program Overview Notice and Long Form Notice are included as **Attachment 2**.

20. A Claim Form will not be included as part of the Long Form Notice Package. After the Registration Form submission period concludes, a separate Claim Form Package will be sent to Settlement Class Members who file a complete and valid Registration Form by the deadline. The Claim Form Package will include a Claim Form and Claim Form Filing Instructions.

21. All Long Form Notice Packages will be sent via USPS first class mail. Prior to

DECLARATION OF CAMERON R. AZARI, ESQ. ON SETTLEMENT NOTICE PLAN

mailing, all mailing addresses will be checked against the National Change of Address (“NCOA”) database maintained by the USPS.¹⁰ In addition, the addresses will be certified via the Coding Accuracy Support System (“CASS”) to ensure the quality of the zip codes, and verified through Delivery Point Validation (“DPV”) to verify the accuracy of the addresses. This address updating process is standard for the industry and for the majority of promotional mailings that occur today.

22. Notices returned as undeliverable will be re-mailed to any new address available through USPS information, for example, to the addresses provided by the USPS on returned pieces for which the automatic forwarding order has expired, or to better addresses that may be found using a third-party lookup service. This process is also commonly referred to as “skip-tracing.” Upon successfully locating better addresses, Long Form Notice Packages will be promptly re-mailed.

23. Additionally, a Long Form Notice Package will be mailed via USPS first class mail to all persons who request one via the toll-free telephone number (to be established regarding the Settlement).

The Media Plan

24. The Media Plan includes various forms of notice including local newspaper print publication, digital banner notices, social media, online video and audio ads, local television, local radio (both paid and through Public Service Announcements (“PSAs”), sponsored search, and a national informational release.

Local Newspaper Publication

25. The Notice Plan includes publishing an approximate 1/4 page Publication Notice in *The Flint Journal*, which will appear once in a Sunday edition and once in a weekday edition. *The Flint Journal* has a daily readership of 64,571 and a Sunday readership of 85,203. According to

PLAIN LANGUAGE NOTICE DESIGN

47. All Notices are designed to increase noticeability and comprehension. The Notices

DECLARATION OF CAMERON R. AZARI, ESQ. ON SETTLEMENT NOTICE PLAN

are designed to be “noticed,” reviewed, and—by presenting the information in plain language—to be clearly understood and to encourage readership and comprehension. The design of the Notices followed the principles embodied in the Federal Judicial Center’s illustrative “model” notices posted at www.fjc.gov. Many courts, and as previously cited, the FJC itself, have approved notices that we have written and designed in a similar fashion. The Notices contain substantial, albeit easy-to-read, summaries of all of the key information about rights and options available. Consistent with our normal practice, all notice documents will undergo a final edit for accuracy prior to actual mailing and publication.

48. The Publication Notice will feature a prominent headline in bold text. These design elements will alert the recipients and readers that the Notice is an important document authorized by the Court and that the content may affect them, thereby supplying reasons to read the Notice.

49. The proposed Long Form Notice features a prominent headline in bold text. The proposed Long Form Notice provides substantial information. It begins with a summary page, which provided a concise overview of the important information, which highlights key options available as a result of the Settlement. A table of contents, which is categorized into logical sections, helps to organize the information, while a question and answer format makes it easy to find answers to common questions by breaking the information into simple headings.

CONCLUSION

50. In class action notice planning, execution, and analysis, we are guided by due process considerations under the United States Constitution, by federal and local rules and statutes, and further by case law pertaining to notice. This framework directs that the notice plan be designed to reach the greatest practicable number of potential class members and, in a settlement class action notice situation such as this, that the notice or notice plan itself not limit knowledge of the availability of benefits—nor the ability to exercise other options—to class members in any way. All of these requirements will be met in this case.

51. The Notice Plan includes individual, direct mailed notice to all Settlement Class

DECLARATION OF CAMERON R. AZARI, ESQ. ON SETTLEMENT NOTICE PLAN

Members who can be identified with reasonable effort. With the address updating protocols that will be employed, we reasonably expect to deliver individual notice to at least 90% of the identified Settlement Class. The media notice will supplement the reach of the direct mail notice and bring the overall reach of the notice effort well above 90%. In 2010, the Federal Judicial Center issued a Judges' Class Action Notice and Claims Process Checklist and Plain Language Guide. This Guide states that, "the lynchpin in an objective determination of the adequacy of a proposed notice effort is whether all the notice efforts together will reach a high percentage of the class. It is reasonable to reach between 70–95%." Here, we have developed a Notice Plan that will readily achieve a reach at the higher end of that standard.

52. The Notice Plan follows the guidance for how to satisfy due process obligations that a notice expert gleans from the United States Supreme Court's seminal decisions, which are: a) to endeavor to actually inform the class, and b) to demonstrate that notice is reasonably calculated to do so:

A. "But when notice is a person's due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it," *Mullane v. Central Hanover Trust*, 339 U.S. 306, 315 (1950).

B. "[N]otice must be reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections," *Eisen v. Carlisle & Jacquelin*, 417 U.S. 156 (1974) citing *Mullane* at 314.

53. The Notice Plan described above provides for the best notice practicable under the circumstances of this case, conforms to all aspects of the Rule 23, and comports with the guidance for effective notice set out in the Manual for Complex Litigation, Fourth.

54. The Notice Plan schedule will afford sufficient time to provide full and proper notice to Settlement Class Members before the opt out and objection deadlines.

DECLARATION OF CAMERON R. AZARI, ESQ. ON SETTLEMENT NOTICE PLAN

55. After the Notice Plan has been implemented, we will provide a final report to verify the effective implementation of the Notice Plan.

I declare under penalty of perjury that the foregoing is true and correct. Executed on November 17, 2020.

JUDICIAL COMMENTS

Judge Nancy J. Rosenstengel, *First Impressions Salon, Inc. et al. v. National Milk Producers Federation, et al.* (Apr. 27, 2020) 3:13-cv-00454 (S.D. Ill.):

The Court finds that the Notice given to the Class Members was completed as approved by this Court and complied in all respects with the requirements of Rule 23 of the Federal Rules of Civil Procedure and due process. The settlement Notice Plan was modeled on and supplements the previous court-approved plan and, having been completed, constitutes the best notice practicable under the circumstances. In making this determination, the Court finds that the Notice provided Class members due and adequate notice of the Settlement, the Settlement Agreement, the Plan of Distribution, these proceedings, and the rights of Class members to opt-out of the Class and/or object to Final Approval of the Settlement, as well as Plaintiffs’ Motion requesting attorney fees, costs, and Class Representative service awards.

Judge Harvey Schlesinger, *In Re: Disposable Contact Lens Antitrust Litigation* (Mar. 4, 2020) 3:15-md-02626 (M.D. Fla.):

The Court finds that the dissemination of the Notice: (a) was implemented in accordance with the Preliminary Approval Orders; (b) constitutes the best notice practicable under the circumstances; (c) constitutes notice that was reasonably calculated, under the circumstances, to apprise the Settlement Classes of (i) the pendency of the Action; (ii) the effect of the Settlement Agreements (including the Releases to the provided thereunder); (iii) Class Counsel’s possible motion for an award of attorneys’ fees and reimbursement of expenses; (iv) the right to object to any aspect of the Settlement Agreements, the Plan of Distribution, and/or

Class Counsel's motion for attorneys' fees and reimbursement of expenses; (v) the right to opt out of the Settlement Classes; (vi) the right to appear at the Fairness Hearing; and (vii) the fact that Plaintiffs may receive incentive awards; (d) constitutes due, adequate, and sufficient notice to all persons and entities entitled to receive notice of the Settlement Agreement and (e) satisfies the requirements of Rule 23 of the Federal Rules of Civil Procedure and the United States Constitution (including the Due Process Clause).

Judge Amos L. Mazzant, *Stone et al. v. Porcelana Corona De Mexico, S.A. DE C.V f/k/a Sanitarios Lamosa S.A. DE C.V. a/k/a Vortens* (Mar. 3, 2020) 4:17-cv-00001 (E.D. Tex.):

The Court has reviewed the Notice Plan and its implementation and efficacy, and finds that it constituted the best notice practicable under the circumstances and was reasonably calculated, under the circumstances, to apprise Settlement Class Members of the pendency of the Action and their right to object to the proposed settlement in full compliance with the requirements of applicable law, including the Due Process Clause of the United States Constitution and Rules 23(c) and (e) of the Federal Rules of Civil Procedure.

In addition, Class Notice clearly and concisely stated in plain, easily understood language: (i) the nature of the action; (ii) the definition of the certified Equitable Relief Settlement Class; (iii) the claims and issues of the Equitable Relief Settlement Class; (iv) that a Settlement Class Member may enter an appearance through an attorney if the member so desires; (v) the binding effect of a class judgment on members under Fed. R. Civ. P. 23(c)(3).

Judge Michael H. Simon, *In Re: Premera Blue Cross Customer Data Security Breach Litigation* (Mar. 2, 2020) 3:15-md-2633 (D. Ore.):

The Court confirms that the form and content of the Summary Notice, Long Form Notice, Publication Notice, and Claim Form, and the procedure set forth in the Settlement for providing notice of the Settlement to the Class, were in full compliance with the notice requirements of Federal Rules of Civil Procedure 23(c)(2)(B) and 23(e), fully, fairly, accurately, and adequately advised members of the Class of their rights under the Settlement, provided the best notice practicable under the circumstances, fully satisfied the requirements of due process and Rule 23 of the Federal Rules of Civil Procedure, and afforded Class Members with adequate time and opportunity to file objections to the Settlement and attorney's fee motion, submit Requests for Exclusion, and submit Claim Forms to the Settlement Administrator.

Judge Maxine M. Chesney, *McKinney-Drobnis, et al. v. Massage Envy Franchising* (Mar. 2, 2020) 3:16-CV-6450 (N.D. Cal.):

The COURT hereby finds that the individual direct CLASS NOTICE given to the CLASS via email or First Class U.S. Mail (i) fairly and accurately described the ACTION and the proposed SETTLEMENT; (ii) provided sufficient information so that the CLASS MEMBERS were able to decide whether to accept the benefits offered by the SETTLEMENT, exclude themselves from the SETTLEMENT, or object to the SETTLEMENT; (iii) adequately described the manner in which CLASS MEMBERS could submit a VOUCHER REQUEST under the SETTLEMENT, exclude themselves from the SETTLEMENT, or object to the SETTLEMENT and/or appear at the FINAL APPROVAL HEARING; and (iv) provided the date, time, and place of the FINAL APPROVAL HEARING. R. Civ. P. 23, the United States Constitution, the Rules of this Court, and any other applicable law.

The Court finds that the Class Notice and methodology set forth in the Settlement Agreement, the Preliminary Approval Order, and this Final Approval Order (i) constitute the most effective and practicable notice of the Final Approval Order, the relief available to Settlement Class Members pursuant to the Final Approval Order,

and applicable time periods; (ii) constitute due, adequate, and sufficient notice for all other purposes to all Settlement Class Members; and (iii) comply fully with the requirements of Fed. R. Civ. P. 23, the United States Constitution, the Rules of this Court, and any other applicable laws.

The Court finds that the notice was reasonably calculated under the circumstances to apprise the Settlement Class of the pendency of this action, all material elements of the Settlement, the opportunity for Settlement Class Members to exclude themselves from, object to, or comment on the settlement and to appear at the final approval hearing. The notice was the best notice practicable under the circumstances, satisfying the requirements of Rule 23(c)(2)(B); provided notice in a reasonable manner to all class members, satisfying Rule 23(e)(1)(B); was adequate and sufficient notice to all Class Members; and, complied fully with the laws of the United States and of the Federal Rules of Civil Procedure, due process and any other applicable rules of court.

Judge James A. Robertson, II, *Wong et al. v. Alacer Corp.* (June 27, 2014) CGC-12-519221 (Cal. Super. Ct.):

Notice to the Settlement Class has been provided in accordance with the Preliminary Approval Order. Based on the Declaration of Cameron Azari dated March 7, 2014, such Class Notice has been provided in an adequate and sufficient manner, constitutes the best notice practicable under the circumstances and satisfies the requirements of California Civil Code Section 1781, California Civil Code of Civil Procedure Section 382, Rules 3.766 of the California Rules of Court, and due process.

Judge John Gleeson, *In re Payment Card Interchange Fee and Merchant Discount Antitrust Litigation*, (Dec. 13, 2013) 05-md-01720, MDL No. 1720 (E.D. NY.):

The Class Administrator notified class members of the terms of the proposed settlement through a mailed notice and publication campaign that included more than 20 million mailings and publication in more than 400 publications. The notice here meets the requirements of due process and notice standards... The objectors' complaints provide no reason to conclude that the purposes and requirements of a notice to a class were not met here.

Judge Lance M. Africk, *Evans, et al. v. TIN, Inc., et al.* (July 7, 2013) 2:11-cv-02067 (E.D. La.):

The Court finds that the dissemination of the Class Notice... as described in Notice Agent Lauran Schultz's Declaration: (a) constituted the best practicable notice to Class Members under the circumstances; (b) constituted notice that was reasonably calculated, under the circumstances...; (c) constituted notice that was reasonable, due, adequate, and sufficient; and (d) constituted notice that fully satisfied all applicable legal requirements, including Rules 23(c)(2)(B) and (e)(1) of the Federal Rules of Civil Procedure, the United States Constitution (including Due Process Clause), the Rules of this Court, and any other applicable law, as well as complied with the Federal Judicial Center's illustrative class action notices.

Judge Edward M. Chen, *Marolda v. Symantec Corporation*, (Apr. 5, 2013) 08-cv-05701 (N.D. Cal.):

Approximately 3.9 million notices were delivered by email to class members, but only a very small percentage objected or opted out . . . The Court . . . concludes that notice of settlement to the class was adequate and satisfied all requirements of Federal Rule of Civil Procedure 23(e) and due process. Class members received direct notice by email, and additional notice was given by publication in numerous widely circulated publications as well as in numerous targeted publications. These were the best practicable means of informing class members of their rights and of the settlement's terms.

Judge Ann D. Montgomery, *In re Zurn Pex Plumbing Products Liability Litigation*, (Feb. 27, 2013) 0:08-cv-01958 (D. Minn.):

The parties retained Hilsoft Notifications ("Hilsoft"), an experienced class-notice consultant, to design and carry out the notice plan. The form and content of the notices provided to the class were direct, understandable, and consistent with the "plain language" principles advanced by the Federal Judicial Center.

*The notice plan's multi-faceted approach to providing notice to settlement class members whose identity is not known to the settling parties constitutes "the best notice [*26] that is practicable under the circumstances" consistent with Rule 23(c)(2)(B).*

Magistrate Judge Stewart, *Gessele et al. v. Jack in the Box, Inc.*, (Jan. 28, 2013) 3:10-cv-960 (D. Ore.):

Moreover, plaintiffs have submitted [a] declaration from Cameron Azari (docket #129), a nationally recognized notice expert, who attests that fashioning an effective joint notice is not unworkable or unduly confusing. Azari also provides a detailed analysis of how he would approach fashioning an effective notice in this case.

Judge Carl J. Barbier, *In re Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010 (Medical Benefits Settlement)*, (Jan. 11, 2013) MDL No. 2179 (E.D. La.):

Through August 9, 2012, 366,242 individual notices had been sent to potential [Medical Benefits] Settlement Class Members by postal mail and 56,136 individual notices had been e-mailed. Only 10,700 mailings—or 3.3%—were known to be undeliverable. (Azari Decl. ¶¶ 8, 9.) Notice was also provided through an extensive schedule of local newspaper, radio, television and Internet placements, well-read consumer magazines, a national daily business newspaper, highly-trafficked websites, and Sunday local newspapers (via newspaper supplements). Notice was also provided in non-measured trade, business and specialty publications, African-American, Vietnamese, and Spanish language publications, and Cajun radio programming. The combined measurable paid print, television, radio, and Internet effort reached an estimated 95% of adults aged 18+ in the Gulf Coast region an average of 10.3 times each, and an estimated 83% of all adults in the United States aged 18+ an average of 4 times each. (Id. ¶¶ 8, 10.) All notice documents were designed to be clear, substantive, and informative. (Id. ¶ 5.)

The Court received no objections to the scope or content of the [Medical Benefits] Notice Program. (Azari Supp. Decl. ¶ 12.) The Court finds that the Notice and Notice Plan as implemented satisfied the best notice practicable standard of Rule 23(c) and, in accordance with Rule 23(e)(1), provided notice in a reasonable manner to Class Members who would be bound by the Settlement, including individual notice to all Class Members who could be identified through reasonable effort. Likewise, the Notice and Notice Plan satisfied the requirements of Due Process. The Court also finds the Notice and Notice Plan satisfied the requirements of CAFA.

Judge Carl J. Barbier, *In re Oil Spill by the Oil Rig "Deepwater Horizon" in the Gulf of Mexico, on April 20, 2010 (Economic and Property Damages Settlement)*, (Dec. 21, 2012) MDL No. 2179 (E.D. La.):

The Court finds that the Class Notice and Class Notice Plan satisfied and continue to satisfy the applicable requirements of Federal Rule of Civil Procedure 23(c)(2)(b) and 23(e), the Class Action Fairness Act (28 U.S.C. § 1711 et seq.), and the Due Process Clause of the United States Constitution (U.S. Const., amend. V), constituting the best notice that is practicable under the circumstances of this litigation. The notice program surpassed the requirements of Due Process, Rule 23, and CAFA. Based on the factual elements of the Notice Program as detailed below, the Notice Program surpassed all of the requirements of Due Process, Rule 23, and CAFA.

The Notice Program, as duly implemented, surpasses other notice programs that Hilsoft Notifications has designed and executed with court approval. The Notice Program included notification to known or potential Class Members via postal mail and e-mail; an extensive schedule of local newspaper, radio, television and Internet placements, well-read consumer magazines, a national daily business newspaper, and Sunday local newspapers. Notice placements also appeared in non-measured trade, business, and specialty publications, African-American, Vietnamese, and Spanish language publications, and Cajun radio programming. The Notice Program met the objective of reaching the greatest possible number of class members and providing them with every reasonable opportunity to understand their legal rights. See Azari Decl. ¶¶ 8, 15, 68. The

Notice Program was substantially completed on July 15, 2012, allowing class members adequate time to make decisions before the opt-out and objections deadlines.

The media notice effort alone reached an estimated 95% of adults in the Gulf region an average of 10.3 times each, and an estimated 83% of all adults in the United States an average of 4 times each. These figures do not include notice efforts that cannot be measured, such as advertisements in trade publications and sponsored search engine listings. The Notice Program fairly and adequately covered and notified the class without excluding any demographic group or geographic area, and it exceeded the reach percentage achieved in most other court-approved notice programs.

Judge Alonzo Harris, Opelousas General Hospital Authority, A Public Trust, D/B/A Opelousas General Health System and Arklamiss Surgery Center, L.L.C. v. FairPay Solutions, Inc., (Aug. 17, 2012) 12-C-1599 (27th Jud. D. Ct. La.):

Notice given to Class Members and all other interested parties pursuant to this Court's order of April 18, 2012, was reasonably calculated to apprise interested parties of the pendency of the action, the certification of the Class as Defined for settlement purposes only, the terms of the Settlement Agreement, Class Members rights to be represented by private counsel, at their own costs, and Class Members rights to appear in Court to have their objections heard, and to afford persons or entities within the Class Definition an opportunity to exclude themselves from the Class. Such notice complied with all requirements of the federal and state constitutions, including the Due Process Clause, and applicable articles of the Louisiana Code of Civil Procedure, and constituted the best notice practicable under the circumstances and constituted due and sufficient notice to all potential members of the Class as Defined.

Judge James Lawrence King, In re Checking Account Overdraft Litigation (IBERIABANK), (Apr. 26, 2012) MDL No. 2036 (S.D. Fla):

The Court finds that the Notice previously approved was fully and properly effectuated and was sufficient to satisfy the requirements of due process because it described "the substantive claims . . . [and] contained information reasonably necessary to [allow Settlement Class Members to] make a decision to remain a class member and be bound by the final judgment." *In re Nissan Motor Corp. Antitrust Litig.*, 552 F.2d 1088, 1104-05 (5th Cir. 1977). The Notice, among other things, defined the Settlement Class, described the release as well as the amount and method and manner of proposed distribution of the Settlement proceeds, and informed Settlement Class Members of their rights to opt-out or object, the procedures for doing so, and the time and place of the Final Approval Hearing. The Notice also informed Settlement Class Members that a class judgment would bind them unless they opted out, and told them where they could obtain more information, such as access to a full copy of the Agreement. Further, the Notice described in summary form the fact that Class Counsel would be seeking attorneys' fees of up to 30 percent of the Settlement. Settlement Class Members were provided with the best practicable notice "reasonably calculated, under [the] circumstances, to apprise them of the pendency of the action and afford them an opportunity to present their objections." *Mullane*, 339 U.S. at 314. The content of the Notice fully complied with the requirements of Rule 23.

Judge Bobby Peters, Vereen v. Lowe's Home Centers, (Apr. 13, 2012) SU10-CV-2267B (Ga. Super. Ct.):

The Court finds that the Notice and the Notice Plan was fulfilled, in accordance with the terms of the Settlement Agreement, the Amendment, and this Court's Preliminary Approval Order and that this Notice and Notice Plan constituted the best practicable notice to Class Members under the circumstances of this action, constituted due and sufficient Notice of the proposed Settlement to all persons entitled to participate in the proposed Settlement, and was in full compliance with Ga. Code Ann § 9-11-23 and the constitutional requirements of due process. Extensive notice was provided to the class, including point of sale notification, publication notice and notice by first-class mail for certain potential Class Members.

The affidavit of the notice expert conclusively supports this Court's finding that the notice program was adequate, appropriate, and comported with Georgia Code Ann. § 9-11-23(b)(2), the Due Process Clause of the Constitution, and the guidance for effective notice articulate in the FJC's Manual for Complex Litigation, 4th.

Judge Lee Rosenthal, *In re Heartland Payment Systems, Inc. Customer Data Security Breach Litigation*, (Mar. 2, 2012) MDL No. 2046 (S.D. Tex.):

*The notice that has been given clearly complies with Rule 23(e)(1)'s reasonableness requirement... Hilsoft Notifications analyzed the notice plan after its implementation and conservatively estimated that notice reached 81.4 percent of the class members. (Docket Entry No. 106, ¶ 32). Both the summary notice and the detailed notice provided the information reasonably necessary for the presumptive class members to determine whether to object to the proposed settlement. See Katrina Canal Breaches, 628 F.3d at 197. Both the summary notice and the detailed notice "were written in easy-to-understand plain English." In re Black Farmers Discrimination Litig., — F. Supp. 2d —, 2011 WL 5117058, at *23 (D.D.C. 2011); accord AGGREGATE LITIGATION § 3.04(c).15 The notice provided "satisf[ies] the broad reasonableness standards imposed by due process" and Rule 23. Judge John D. Bates, *Trombley v. National City Bank*, (Dec. 1, 2011) 1:10-CV-00232 (D.D.C.) as part of ***In Re: Checking Account Overdraft Litigation***, MDL 2036 (S.D. Fla.):

The form, content, and method of dissemination of Notice given to the Settlement Class were in full compliance with the Court's January 11, 2011 Order, the requirements of Fed. R. Civ. P. 23(e), and due process. The notice was adequate and reasonable, and constituted the best notice practicable under the circumstances. In addition, adequate notice of the proceedings and an opportunity to participate in the final fairness hearing were provided to the Settlement Class.

Judge Robert M. Dow, Jr., *Schulte v. Fifth Third Bank*, (July 29, 2011) 1:09-cv-6655 (N.D. Ill.):

The Court has reviewed the content of all of the various notices, as well as the manner in which Notice was disseminated, and concludes that the Notice given to the Class fully complied with Federal Rule of Civil Procedure 23, as it was the best notice practicable, satisfied all constitutional due process concerns, and provided the Court with jurisdiction over the absent Class Members.

Judge Ellis J. Daigle, *Williams v. Hammerman & Gainer Inc.*, (June 30, 2011) 11-C-3187-B (27th Jud. D. Ct. La.):

Notices given to Settlement Class members and all other interested parties throughout this proceeding with respect to the certification of the Settlement Class, the proposed settlement, and all related procedures and hearings—including, without limitation, the notice to putative Settlement Class members and others more fully described in this Court's order of 30th day of March 2011 were reasonably calculated under all the circumstances and have been sufficient, as to form, content, and manner of dissemination, to apprise interested parties and members of the Settlement Class of the pendency of the action, the certification of the Settlement Class, the Settlement Agreement and its contents, Settlement Class members' right to be represented by private counsel, at their own cost, and Settlement Class members' right to appear in Court to have their objections heard, and to afford Settlement Class members an opportunity to exclude themselves from the Settlement Class. Such notices complied with all requirements of the federal and state constitutions, including the due process clause, and applicable articles of the Louisiana Code of Civil Procedures, and constituted the best notice practicable under the circumstances and constituted due and sufficient notice to all potential members of the Settlement Class.

Judge Stefan R. Underhill, *Mathena v. Webster Bank, N.A.*, (Mar. 24, 2011) 3:10-cv-1448 (D. Conn.) as part of ***In Re: Checking Account Overdraft Litigation***, MDL 2036 (S.D. Fla.):

The form, content, and method of dissemination of Notice given to the Settlement Class were adequate and reasonable, and constituted the best notice practicable under the circumstances. The Notice, as given, provided valid, due, and sufficient notice of the proposed settlement, the terms and conditions set forth in the Settlement Agreement, and these proceedings to all persons entitled to such notice, and said notice fully satisfied the requirements of Rule 23 of the Federal Rules of Civil Procedure and due process.

Judge Ted Stewart, *Miller v. Basic Research, LLC*, (Sept. 2, 2010) 2:07-cv-871 (D. Utah):

Plaintiffs state that they have hired a firm specializing in designing and implementing large scale, unbiased, legal notification plans. Plaintiffs represent to the Court that such notice will include: 1) individual notice by electronic mail and/or first-class mail sent to all reasonably identifiable Class members; 2) nationwide paid media notice through a combination of print publications, including newspapers, consumer magazines, newspaper supplements and the Internet; 3) a neutral, Court-approved, informational press release; 4) a

neutral, Court-approved Internet website; and 5) a toll-free telephone number. Similar mixed media plans have been approved by other district courts post class certification. The Court finds this plan is sufficient to meet the notice requirement.

Judge Sara Loi, *Pavlov v. Continental Casualty Co.*, (Oct. 7, 2009) 5:07-cv-2580 (N.D. Ohio):

As previously set forth in this Memorandum Opinion, the elaborate notice program contained in the Settlement Agreement provides for notice through a variety of means, including direct mail to each class member, notice to the United States Attorney General and each State, a toll free number, and a website designed to provide information about the settlement and instructions on submitting claims. With a 99.9% effective rate, the Court finds that the notice program constituted the "best notice that is practicable under the circumstances," Fed. R. Civ. P. 23(c)(2)(B), and clearly satisfies the requirements of Rule 23(c)(2)(B).

Judge James Robertson, *In re Department of Veterans Affairs (VA) Data Theft Litigation*, (Sept. 23, 2009) MDL No. 1796 (D.D.C.):

The Notice Plan, as implemented, satisfied the requirements of due process and was the best notice practicable under the circumstances. The Notice Plan was reasonably calculated, under the circumstances, to apprise Class Members of the pendency of the action, the terms of the Settlement, and their right to appear, object to or exclude themselves from the Settlement. Further, the notice was reasonable and constituted due, adequate and sufficient notice to all persons entitled to receive notice.

Judge Lisa F. Chrystal, *Little v. Kia Motors America, Inc.*, (Aug. 27, 2009) UNN-L-0800-01 (N.J. Super. Ct.):

The Court finds that the manner and content of the notices for direct mailing and for publication notice, as specified in the Notice Plan (Exhibit 2 to the Affidavit of Luran R. Schultz), provides the best practicable notice of judgment to members of the Plaintiff Class.

Judge Barbara Crowder, *Dolen v. ABN AMRO Bank N.V.*, (Mar. 23, 2009) 01-L-454, 01-L-493 (3rd Jud. Cir. Ill.):

The Court finds that the Notice Plan is the best notice practicable under the circumstances and provides the Eligible Members of the Settlement Class sufficient information to make informed and meaningful decisions regarding their options in this Litigation and the effect of the Settlement on their rights. The Notice Plan further satisfies the requirements of due process and 735 ILCS 5/2-803. That Notice Plan is approved and accepted. This Court further finds that the Notice of Settlement and Claim Form comply with 735 ILCS 5/2-803 and are appropriate as part of the Notice Plan and the Settlement, and thus they are hereby approved and adopted. This Court further finds that no other notice other than that identified in the Notice Plan is reasonably necessary in this Litigation.

Judge Robert W. Gettleman, *In re Trans Union Corp.*, (Sept. 17, 2008) MDL No. 1350 (N.D. Ill.):

The Court finds that the dissemination of the Class Notice under the terms and in the format provided for in its Preliminary Approval Order constitutes the best notice practicable under the circumstances, is due and sufficient notice for all purposes to all persons entitled to such notice, and fully satisfies the requirements of the Federal Rules of Civil Procedure, the requirements of due process under the Constitution of the United States, and any other applicable law... Accordingly, all objections are hereby OVERRULED.

Judge Steven D. Merryday, *Lockwood v. Certegy Check Services, Inc.*, (Sept. 3, 2008) 8:07-cv-1434 (M.D. Fla.):

The form, content, and method of dissemination of the notice given to the Settlement Class were adequate and reasonable and constituted the best notice practicable in the circumstances. Judge David De Alba, *Ford Explorer Cases*, (May 29, 2008) JCCP Nos. 4226 & 4270 (Cal. Super. Ct.):

[T]he Court is satisfied that the notice plan, design, implementation, costs, reach, were all reasonable, and has no reservations about the notice to those in this state and those in other states as well, including Texas, Connecticut, and Illinois; that the plan that was approved—submitted and approved, comports with the fundamentals of due process as described in the case law that was offered by counsel.

Judge Kirk D. Johnson, *Webb v. Liberty Mutual Ins. Co.*, (Mar. 3, 2008) CV-2007-418-3 (Ark. Cir. Ct.):

The Court finds that there was minimal opposition to the settlement. After undertaking an extensive notice campaign to Class members of approximately 10,707 persons, mailed notice reached 92.5% of potential Class members.

Judge Carol Crafton Anthony, *Johnson v. Progressive Casualty Ins. Co.*, (Dec. 6, 2007) CV-2003-513 (Ark. Cir. Ct.):

Notice of the Settlement Class was constitutionally adequate, both in terms of its substance and the manner in which it was disseminated...Notice was direct mailed to all Class members whose current whereabouts could be identified by reasonable effort. Notice reached a large majority of the Class members. The Court finds that such notice constitutes the best notice practicable...The forms of Notice and Notice Plan satisfy all of the requirements of Arkansas law and due process.

Judge Kirk D. Johnson, *Sweeten v. American Empire Insurance Co.*, (Aug. 20, 2007) CV-2007-154-3 (Ark. Cir. Ct.):

The Court does find that all notices required by the Court to be given to class members was done within the time allowed and the manner best calculated to give notice and apprise all the interested parties of the litigation. It was done through individual notice, first class mail, through internet website and the toll-free telephone call center...The Court does find that these methods were the best possible methods to advise the class members of the pendency of the action and opportunity to present their objections and finds that these notices do comply with all the provisions of Rule 23 and the Arkansas and United States Constitutions.

Judge Robert Wyatt, *Gunderson v. F.A. Richard & Associates, Inc.*, (July 19, 2007) 2004-2417-D (14th Jud. D. Ct. La.):

This is the final Order and Judgment regarding the fairness, reasonableness and adequacy. And I am satisfied in all respects regarding the presentation that's been made to the Court this morning in the Class memberships, the representation, the notice, and all other aspects and I'm signing that Order at this time.

Judge Lewis A. Kaplan, *In re Parmalat Securities Litigation*, (July 19, 2007) MDL No. 1653-LAK (S.D.N.Y.):

The Court finds that the distribution of the Notice, the publication of the Publication Notice, and the notice methodology...met all applicable requirements of the Federal Rules of Civil Procedure, the United States Constitution, (including the Due Process clause), the Private Securities Litigation Reform Act of 1995 (15 U.S.C. 78u-4, et seq.) They are fair, reasonable, and adequate. I think the method of notification certainly meets the requirements of due process...So the Court finds that the notification that was used for making the potential class members aware of this litigation and the method of filing their claims, if they chose to do so, all those are clear and concise and meet the plain language requirements and those are completely satisfied as far as this Court is concerned in this matter.

Judge Lewis A. Kaplan, *In re Parmalat Securities Litigation*, (Mar. 1, 2007) MDL No. 1653-LAK (S.D.N.Y.):

[T]he court finds that the Notice Program fairly, fully, accurately, and adequately advised members of the Settlement Class and each Settlement Subclass of all relevant and material information concerning the proposed settlement of this action, their rights under Rule 23 of the Federal Rules of Civil Procedure, and related matters, and afforded the Settlement Class with adequate time and an opportunity to file objections to the Settlement or request exclusion from the Settlement Class. The court finds that the Notice Program constituted the best notice practicable under the circumstances and fully satisfied the requirements of Rule 23 and due process.

Judge Kirk D. Johnson, *Zarebski v. Hartford Insurance Company of the Midwest*, (Feb. 13, 2007) CV-2006-409-3 (Ark. Cir. Ct.):

Based on the Court's review of the evidence admitted and argument of counsel, the Court finds and concludes that the Class Notice, as disseminated to members of the Settlement Class in accordance with provisions of the Preliminary Approval Order, was the best notice practicable under the circumstances to all members of the Settlement Class. Accordingly, the Class Notice and Claim Form as disseminated are finally approved as fair, reasonable, and adequate notice under the circumstances. The Court finds and concludes that due and adequate notice of the pendency of this Action, the Stipulation, and the Final Settlement Hearing has been provided to members of the Settlement Class, and the Court further finds and concludes that the notice campaign described in the Preliminary Approval Order and completed by the parties complied fully with the requirements of Arkansas Rule of Civil Procedure 23 and the requirements of due process under the Arkansas and United States Constitutions.

Judge Richard J. Holwell, *In re Vivendi Universal, S.A. Securities Litigation*, 2007 WL 1490466 (S.D.N.Y.):

In response to defendants' manageability concerns, plaintiffs have filed a comprehensive affidavit outlining the effectiveness of its proposed method of providing notice in foreign countries. According to this...the Court is satisfied that plaintiffs intend to provide individual notice to those class members whose names and addresses are ascertainable, and that plaintiffs' proposed form of publication notice, while complex, will prove both manageable and the best means practicable of providing notice.

Judge Samuel Conti, *Ciabattari v. Toyota Motor Sales, U.S.A., Inc.*, (Nov. 17, 2006) C-05-04289-SC (N.D. Cal.):

After reviewing the evidence and arguments presented by the parties...the Court finds as follows...The class members were given the best notice practicable under the circumstances, and that such notice meets the requirements of the Due Process Clause of the U.S. Constitution, and all applicable statutes and rules of court.

Judge Ivan L.R. Lemelle, *In re High Sulfur Content Gasoline Prods. Liability Litigation*, (Nov. 8, 2006) MDL No. 1632 (E.D. La.):

This Court approved a carefully-worded Notice Plan, which was developed with the assistance of a nationally-recognized notice expert, Hilsoft Notifications...The Notice Plan for this Class Settlement was consistent with the best practices developed for modern-style "plain English" class notices; the Court and Settling Parties invested substantial effort to ensure notice to persons displaced by the Hurricanes of 2005; and as this Court has already determined, the Notice Plan met the requirements of Rule 23 and constitutional due process.

Judge Catherine C. Blake, *In re Royal Ahold Securities and "ERISA" Litigation*, (Nov. 2, 2006) MDL No. 1539 (D. Md.):

The global aspect of the case raised additional practical and legal complexities, as did the parallel criminal proceedings in another district. The settlement obtained is among the largest cash settlements ever in a securities class action case and represents an estimated 40% recovery of possible provable damages. The notice process appears to have been very successful not only in reaching but also in eliciting claims from a substantial percentage of those eligible for recovery.

Judge Elaine E. Bucklo, *Carnegie v. Household International*, (Aug. 28, 2006) 98 C 2178 (N.D. Ill.):

[T]he Notice was disseminated pursuant to a plan consisting of first class mail and publication developed by Plaintiff's notice consultant, Hilsoft Notification[s]...who the Court recognized as experts in the design of notice plans in class actions. The Notice by first-class mail and publication was provided in an adequate and sufficient manner; constitutes the best notice practicable under the circumstances; and satisfies all requirements of Rule 23(e) and due process.

Judge Joe E. Griffin, *Beasley v. Hartford Insurance Company of the Midwest*, (June 13, 2006) CV-2005-58-1 (Ark. Cir. Ct.):

Based on the Court's review of the evidence admitted and argument of counsel, the Court finds and concludes that the Individual Notice and the Publication Notice, as disseminated to members of the Settlement Class in accordance with provisions of the Preliminary Approval Order, was the best notice practicable under the circumstances...and the requirements of due process under the Arkansas and United States Constitutions.

Judge Norma L. Shapiro, *First State Orthopedics et al. v. Concentra, Inc., et al.*, (May 1, 2006) 2:05-CV-04951 (E.D. Pa.):

The Court finds that dissemination of the Mailed Notice, Published Notice and Full Notice in the manner set forth here and in the Settlement Agreement meets the requirements of due process and Pennsylvania law. The Court further finds that the notice is reasonable, and constitutes due, adequate, and sufficient notice to all persons entitled to receive notice, is the best practicable notice; and is reasonably calculated, under the circumstances, to apprise members of the Settlement Class of the pendency of the Lawsuit and of their right to object or to exclude themselves from the proposed settlement.

Judge Thomas M. Hart, *Froeber v. Liberty Mutual Fire Ins. Co.*, (Apr. 19, 2006) 00C15234 (Ore. Cir. Ct.):

The court has found and now reaffirms that dissemination and publication of the Class Notice in accordance with the terms of the Third Amended Order constitutes the best notice practicable under the circumstances.

Judge Catherine C. Blake, *In re Royal Ahold Securities and "ERISA" Litigation*, (Jan. 6, 2006) MDL No. 1539 (D. Md.):

I think it's remarkable, as I indicated briefly before, given the breadth and scope of the proposed Class, the global nature of the Class, frankly, that again, at least on a preliminary basis, and I will be getting a final report on this, that the Notice Plan that has been proposed seems very well, very well suited, both in terms

of its plain language and in terms of its international reach, to do what I hope will be a very thorough and broad-ranging job of reaching as many of the shareholders, whether individual or institutional, as possibly can be done to participate in what I also preliminarily believe to be a fair, adequate and reasonable settlement.

Judge Catherine C. Blake, *In re Royal Ahold Securities & "ERISA" Litigation*, (2006) 437 F.Supp.2d 467, 472 (D. Md.):

The court hereby finds that the Notice and Notice Plan described herein and in the Order dated January 9, 2006 provided Class Members with the best notice practicable under the circumstances. The Notice provided due and adequate notice of these proceedings and the matters set forth herein, including the Settlement and Plan of Allocation, to all persons entitled to such notice, and the Notice fully satisfied the requirements of Rule 23 of the Federal Rules of Civil Procedure and the requirements of due process.

Judge Robert H. Wyatt, Jr., *Gray v. New Hampshire Indemnity Co., Inc.*, (Dec. 19, 2005) CV-2002-952-2-3 (Ark. Cir. Ct.):

Notice of the Settlement Class was constitutionally adequate, both in terms of its substance and the manner in which it was disseminated. The Notice contained the essential elements necessary to satisfy due process, including the Settlement Class definition, the identities of the Parties and of their counsel, a summary of the terms of the proposed settlement, Class Counsel's intent to apply for fees, information regarding the manner in which objections could be submitted, and requests for exclusions could be filed. The Notice properly informed Class members of the formula for the distribution of benefits under the settlement...Notice was direct mailed to all Class members whose current whereabouts could be identified by reasonable effort. Notice was also effected by publication in many newspapers and magazines throughout the nation, reaching a large majority of the Class members multiple times. The Court finds that such notice constitutes the best notice practicable.

Judge Michael J. O'Malley, *Defrates v. Hollywood Entm't Corp.*, (June 24, 2005) 02 L 707 (Ill. Cir. Ct.):

[T]his Court hereby finds that the notice program described in the Preliminary Approval Order and completed by HEC complied fully with the requirements of due process, the Federal Rules of Civil Procedure and all other applicable laws.

Judge Wilford D. Carter, *Thibodeaux v. Conoco Phillips Co.*, (May 26, 2005) 2003-481 F (14th J.D. Ct. La.):

Notice given to Class Members...were reasonably calculated under all the circumstances and have been sufficient, both as to the form and content...Such notices complied with all requirements of the federal and state constitutions, including the due process clause, and applicable articles of the Louisiana Code of Civil Procedure, and constituted the best notice practicable under the circumstances and constituted due process and sufficient notice to all potential members of the Class as Defined.

Judge Michael Canaday, *Morrow v. Conoco Inc.*, (May 25, 2005) 2002-3860 G (14th J.D. Ct. La.):

The objections, if any, made to due process, constitutionality, procedures, and compliance with law, including, but not limited to, the adequacy of notice and the fairness of the proposed Settlement Agreement, lack merit and are hereby overruled.

Judge John R. Padova, *Nichols v. SmithKline Beecham Corp.*, (Apr. 22, 2005) 00-6222 (E.D. Pa.):

Pursuant to the Order dated October 18, 2004, End-Payor Plaintiffs employed Hilsoft Notifications to design and oversee Notice to the End-Payor Class. Hilsoft Notifications has extensive experience in class action notice situations relating to prescription drugs and cases in which unknown class members need to receive notice...After reviewing the individual mailed Notice, the publication Notices, the PSAs and the informational release, the Court concludes that the substance of the Notice provided to members of the End-Payor Class in this case was adequate to satisfy the concerns of due process and the Federal Rules.

Judge Douglas Combs, *Morris v. Liberty Mutual Fire Ins. Co.*, (Feb. 22, 2005) CJ-03-714 (D. Okla.):

I am very impressed that the notice was able to reach – be delivered to 97 ½ percent members of the class. That, to me, is admirable. And I'm also – at the time that this was initially entered, I was concerned about the ability of notice to be understood by a common, nonlawyer person, when we talk about legalese in a

court setting. In this particular notice, not only the summary notice but even the long form of the notice were easily understandable, for somebody who could read the English language, to tell them whether or not they had the opportunity to file a claim.

Judge Joseph R. Goodwin, *In re Serzone Products Liability Litigation*, (2005) 231 F.R.D. 221, 231 (S.D. W. Va.):

The Notice Plan was drafted by Hilsoft Notifications, a Pennsylvania firm specializing in designing, developing, analyzing and implementing large-scale, unbiased legal notification plans. Hilsoft has disseminated class action notices in more than 150 cases, and it designed the model notices currently displayed on the Federal Judicial Center's website as a template for others to follow...To enhance consumer exposure, Hilsoft studied the demographics and readership of publications among adults who used a prescription drug for depression in the last twelve months. Consequently, Hilsoft chose to utilize media particularly targeting women due to their greater incidence of depression and heavy usage of the medication.

Judge Richard G. Stearns, *In re Lupron® Marketing and Sales Practice Litigation*, (Nov. 24, 2004) MDL No. 1430 (D. Mass.):

After review of the proposed Notice Plan designed by Hilsoft Notifications...is hereby found to be the best practicable notice under the circumstances and, when completed, shall constitute due and sufficient notice of the Settlement and the Fairness Hearing to all persons and entities affected by and/or entitled to participate in the Settlement, in full compliance with the notice requirements of Rule 23 the Federal Rules of Civil Procedure and due process.

Judge Richard G. Stearns, *In re Lupron® Marketing and Sales Practice Litigation*, (Nov. 23, 2004) MDL No. 1430 (D. Mass.):

I actually find the [notice] plan as proposed to be comprehensive and extremely sophisticated and very likely be as comprehensive as any plan of its kind could be in reaching those most directly affected.

Judge James S. Moody, Jr., *Mantzouris v. Scarritt Motor Group Inc.*, (Aug. 10, 2004) 8:03 CV- 0015-T-30 (M.D. Fla.):

Due and adequate notice of the proceedings having been given and a full opportunity having been offered to the members of the Class to participate in the Settlement Hearing, or object to the certification of the Class and the Agreement, it is hereby determined that all members of the Class, except for Ms. Gwendolyn Thompson, who was the sole person opting out of the Settlement Agreement, are bound by this Order and Final Judgment entered herein.

Judge Robert E. Payne, *Fisher v. Virginia Electric & Power Co.*, (July 1, 2004) 3:02CV431 (E.D. Va.):

The record here shows that the class members have been fully and fairly notified of the existence of the class action, of the issues in it, of the approaches taken by each side in it in such a way as to inform meaningfully those whose rights are affected and to thereby enable them to exercise their rights intelligently...The success rate in notifying the class is, I believe, at least in my experience, I share Ms. Kauffman's experience, it is as great as I have ever seen in practicing or serving in this job...So I don't believe we could have had any more effective notice.

Judge John Kraetzer, *Baiz v. Mountain View Cemetery*, (Apr. 14, 2004) 809869-2 (Cal. Super. Ct.):

The notice program was timely completed, complied with California Government Code section 6064, and provided the best practicable notice to all members of the Settlement Class under the circumstances. The Court finds that the notice program provided class members with adequate instructions and a variety of means to obtain information pertaining to their rights and obligations under the settlement so that a full opportunity has been afforded to class members and all other persons wishing to be heard...The Court has determined that the Notice given to potential members of the Settlement Class fully and accurately informed potential Members of the Settlement Class of all material elements of the proposed settlement and constituted valid, due, and sufficient notice to all potential members of the Settlement Class, and that it constituted the best practicable notice under the circumstances.

Hospitality Mgmt. Assoc., Inc. v. Shell Oil Co., (2004) 356 S.C. 644, 663, 591 S.E.2d 611, 621 (Sup. Ct. S.C.):

Clearly, the Cox court designed and utilized various procedural safeguards to guarantee sufficient notice under the circumstances. Pursuant to a limited scope of review, we need go no further in deciding the Cox court's findings that notice met due process are entitled to deference.

Judge Joseph R. Goodwin, *In re Serzone Prods. Liability Litigation*, (2004) U.S. Dist. LEXIS 28297 (S.D. W. Va.):

The Court has considered the Notice Plan and proposed forms of Notice and Summary Notice submitted with the Memorandum for Preliminary Approval and finds that the forms and manner of notice proposed by Plaintiffs and approved herein meet the requirements of due process and Fed.R.Civ.P. 23(c) and (e), are the best notice practicable under the circumstances, constitute sufficient notice to all persons entitled to notice, and satisfy the Constitutional requirements of notice.

Judge James D. Arnold, *Cotten v. Ferman Mgmt. Servs. Corp.*, (Nov. 26, 2003) 02-08115 (Fla. Cir. Ct.):

Due and adequate notice of the proceedings having been given and a full opportunity having been offered to the member of the Class to participate in the Settlement Hearing, or object to the certification of the Class and the Agreement...

Judge Judith K. Fitzgerald, *In re Pittsburgh Corning Corp.*, (Nov. 26, 2003) 00-22876 (Bankr.W.D. Pa.):

The procedures and form of notice for notifying the holders of Asbestos PI Trust Claims, as described in the Motion, adequately protect the interests of the holders of Asbestos PI Trust Claims in a manner consistent with the principles of due process, and satisfy the applicable requirements of the Bankruptcy Code and the Federal Rules of Bankruptcy Procedure.

Judge Carter Holly, *Richison v. American Cemwood Corp.*, (Nov. 18, 2003) 005532 (Cal. Super. Ct.):

As to the forms of Notice, the Court finds and concludes that they fully apprised the Class members of the pendency of the litigation, the terms of the Phase 2 Settlement, and Class members' rights and options...Not a single Class member—out of an estimated 30,000—objected to the terms of the Phase 2 Settlement Agreement, notwithstanding a comprehensive national Notice campaign, via direct mail and publication Notice...The notice was reasonable and the best notice practicable under the circumstances, was due, adequate, and sufficient notice to all Class members, and complied fully with the laws of the State of California, the Code of Civil Procedure, due process, and California Rules of Court 1859 and 1860.

Judge Thomas A. Higgins, *In re Columbia/HCA Healthcare Corp.*, (June 13, 2003) MDL No. 1227 (M.D. Tenn.):

Notice of the settlement has been given in an adequate and sufficient manner. The notice provided by mailing the settlement notice to certain class members and publishing notice in the manner described in the settlement was the best practicable notice, complying in all respects with the requirements of due process.

Judge Harold Baer, Jr., *Thompson v. Metropolitan Life Ins. Co.*, (2003) 216 F.R.D. 55, 68 (S.D.N.Y.):

In view of the extensive notice campaign waged by the defendant, the extremely small number of class members objecting or requesting exclusion from the settlement is a clear sign of strong support for the settlement...The notice provides, in language easily understandable to a lay person, the essential terms of the settlement, including the claims asserted...who would be covered by the settlement...[T]he notice campaign that defendant agreed to undertake was extensive...I am satisfied, having reviewed the contents of the notice package, and the extensive steps taken to disseminate notice of the settlement, that the class notice complies with the requirements of Rule 23 (c)(2) and 23(e). In summary, I have reviewed all of the objections, and none persuade me to conclude that the proposed settlement is unfair, inadequate or unreasonable.

Judge Edgar E. Bayley, *Dimitrios v. CVS, Inc.*, (Nov. 27, 2002) 99-6209; ***Walker v. Rite Aid Corp.***, 99-6210; and ***Myers v. Rite Aid Corp.***, 01-2771 (Pa. Ct. C.P.):

The Court specifically finds that: fair and adequate notice has been given to the class, which comports with due process of law.

Judge Dewey C. Whitenton, *Ervin v. Movie Gallery, Inc.*, (Nov. 22, 2002) 13007 (Tenn. Ch.):

The content of the class notice also satisfied all due process standards and state law requirements...The content of the notice was more than adequate to enable class members to make an informed and intelligent choice about remaining in the class or opting out of the class.

Judge James R. Williamson, *Kline v. The Progressive Corp.*, (Nov. 14, 2002) 01-L-6 (Ill. Cir. Ct.):

Notice to the Settlement Class was constitutionally adequate, both in terms of its substance and the manner in which it was disseminated. The notice contained the essential elements necessary to satisfy due process...

Judge Marina Corodemus, *Talalai v. Cooper Tire & Rubber Co.*, (Sept. 13, 2002) L-008830.00 (N.J. Super. Ct.):

Here, the comprehensive bilingual, English and Spanish, court-approved Notice Plan provided by the terms of the settlement meets due process requirements. The Notice Plan used a variety of methods to reach potential class members. For example, short form notices for print media were placed...throughout the United States and in major national consumer publications which include the most widely read publications among Cooper Tire owner demographic groups.

Judge Harold Baer, Jr., *Thompson v. Metropolitan Life Ins. Co.*, (Sept. 3, 2002) 00 Civ. 5071-HB (S.D.N.Y.):

The Court further finds that the Class Notice and Publication Notice provided in the Settlement Agreement are written in plain English and are readily understandable by Class Members. In sum, the Court finds that the proposed notice texts and methodology are reasonable, that they constitute due, adequate and sufficient notice to all persons entitled to be provided with notice, and that they meet the requirements of the Federal Rules of Civil Procedure (including Fed. R. Civ. P. 23(c)(2) and (e)), the United States Constitution (including the Due Process Clause), the Rules of the Court, and any other applicable law.

Judge Milton Gunn Shuffield, *Scott v. Blockbuster Inc.*, (Jan. 22, 2002) D 162-535 (Tex. Jud. Dist. Ct.) ultimately withstood challenge to Court of Appeals of Texas. *Peters v. Blockbuster* 65 S.W.3d 295, 307 (Tex. App.-Beaumont, 2001):

In order to maximize the efficiency of the notice, a professional concern, Hilsoft Notifications, was retained. This Court concludes that the notice campaign was the best practicable, reasonably calculated, under all the circumstances, to apprise interested parties of the settlement and afford them an opportunity to present their objections...The notice campaign was highly successful and effective, and it more than satisfied the due process and state law requirements for class notice.

Judge Marina Corodemus, *Talalai v. Cooper Tire & Rubber Co.*, (Oct. 30, 2001) MID-L-8839-00-MT (N.J. Super. Ct.):

The parties have crafted a notice program which satisfies due process requirements without reliance on an unreasonably burdensome direct notification process...The form of the notice is reasonably calculated to apprise class members of their rights. The notice program is specifically designed to reach a substantial percentage of the putative settlement class members.

Judge Marina Corodemus, *Talalai v. Cooper Tire & Rubber Co.*, (Oct. 29, 2001) L-8830-00-MT (N.J. Super. Ct.):

I saw the various bar graphs for the different publications and the different media dissemination, and I think that was actually the clearest bar graph I've ever seen in my life...it was very clear of the time periods that you were doing as to each publication and which media you were doing over what market time, so I think that was very clear.

Judge Stuart R. Pollak, *Microsoft I-V Cases*, (Apr. 1, 2001) J.C.C.P. CJC-00-004106 (Cal. Super. Ct.):

[C]oncerning dissemination of class notice; and I have reviewed the materials that have been submitted on that subject and basically I'm satisfied. I think it's amazing if you're really getting 80 percent coverage. That's very reassuring. And the papers that you submitted responded to a couple things that had been mentioned before and I am satisfied with all that.

Judge Stuart R. Pollak, *Microsoft I-V Cases*, (Mar. 30, 2001) J.C.C.P. 4106 (Cal. Super. Ct.):

Plaintiffs and Defendant Microsoft Corporation have submitted a joint statement in support of their request that the Court approve the plan for dissemination of class action notice and proposed forms of notice, and amend the class definition. The Court finds that the forms of notice to Class members attached hereto as Exhibits A and B fairly and adequately inform the Class members of their rights concerning this litigation. The Court further finds that the methods for dissemination of notice are the fairest and best practicable under the circumstances, and comport with due process requirements.

Certain defendants, including the State of Michigan and others, have agreed to pay \$641.25 million to settle claims from individuals, residential property owners and renters, and businesses that claim that they were injured by exposure to water from the Flint Water Treatment Plant between April 25, 2014 and November 16, 2020

The deadline to file a Registration Form for a payment is Month DD, 20xx.

The State of Michigan, the City of Flint, McLaren Regional Medical Center, and Rowe Professional Services Company, have agreed to pay a combined total of \$641.25 million to settle claims about the allegedly contaminated water received from the Flint Water Treatment Plant between April 25, 2014 and November 16, 2020. If you received this Notice by mail, you have been identified as an adult, residential property owner or renter, or a business who may have resided in Flint during that period.

The settlement funds will be used to pay separate groups of people and/or businesses: 1) individuals who were under 18 at the time they were exposed to the water; 2) Adults who were exposed to the water; 3) persons who owned or rented residential property in Flint between April 25, 2014 to July 31, 2016; and 4) businesses that operated in Flint during that period. The deadline to submit a Registration Form online or mailed and postmarked is **Month Day, 20xx**. If you do not submit the registration form, you will not be able to file a claim for payment (minors who fail to submit a Registration Form still have an opportunity to seek a payment as a Future Minor Claimant until their 19th birthday). If you did not receive a Registration Form, or if you need another one, visit www.XXXXXXXXXXX.com or call 1-XXX-XXX-XXXX to request one.

Differences Between Minors, Individual Plaintiffs and the Settlement Class
<p>Minors at time of exposure: Persons who were under the age of 18 at the time of exposure to the water are entitled to make claims in the claim categories reserved for children even if they turned 18 during the exposure period. The Next Friend provisions apply only to current Minors. Children are <u>not</u> included in the Settlement Class, but they can make claims for compensation from the settlement.</p>
<p>Individual Plaintiffs: Individual Plaintiffs are persons or entities (business) that have already hired their own individual lawyer to represent them in the litigation. A complete list of all Individual Plaintiffs is available at www.XXXXXXXXXXX.com. If you are an Individual Plaintiff, please contact your lawyer. Individual Plaintiffs are <u>not</u> included in the Settlement Class, but they can make claims for compensation from the settlement.</p>
<p>Settlement Class Members: The class action Settlement Class includes all persons or entities who:</p> <ol style="list-style-type: none"> (1) Were an Adult who owned or lived in a residence that received water from the Flint Water Treatment Plant or were legally liable for the payment of such water; (2) Owned or operated a business including income earning real property (meaning a rental house or other business property) and any other businesses, that received water from the Flint Water Treatment Plant, or were legally liable for the payment of such water; or (3) Were an Adult (18 years or older) during the Exposure Period and who ingested or came into contact with water (for example you drank, ate, cooked, bathed, showered, washed clothing or washed dishes with the water) received from the Flint Water Treatment Plant. <p>If you are a Settlement Class Member, please read the enclosed Class Action Settlement Notice.</p>

This notice describes your rights. Please read it carefully.

- The “Settling Defendants,” which include the State of Michigan, the City of Flint, McLaren Regional Medical Center, and Rowe Professional Services Company, have each separately agreed to pay certain amounts, which total approximately \$641.25 million, to settle claims about the allegedly contaminated water received from the Flint Water Treatment Plant (located at 4500 Dort Highway, Flint, Michigan, 48506). This is called the “Settlement Program.” The Settlement Program applies to persons or entities that are defined as a Settlement Class, and also applies to children (who are not part of the Settlement Class), and to certain persons or entities represented individually by a lawyer (who are also not part of the Settlement Class). This notice applies only to the individuals who are Settlement Class Members (the persons/entities defined above and in Question 5.)
- The total settlement fund is \$641.25 million, and is divided into 3 general categories:
 - (1) 79.5% of the \$641.25 million (less fees and expenses allowed by the Court) will be allocated to children who were under age 18 when they were first exposed to the water.
 - (2) 2% of the \$641.25 million (less fees and expenses allowed by the Court) will be allocated to educational programs for Flint children affected by the water.
 - (3) 18.5% of the \$641.25 million (less fees and expenses allowed by the Court) will be allocated to adults, property owners and renters, and/or business owners and operators, or are legally liable for the water payments who are claiming injury, damage, or loss of any kind. The adults, property owners and renters, business owners and operators and others who are legally liable for the water payments will sometimes be referred to as the “Adult and Business Claimants”. Adult and Business Claimants are part of a class action settlement if they are not represented individually by a lawyer.
- If you are an Adult or Business Claimant that was exposed to Flint water during the Exposure Period, and you are not represented individually by a lawyer, you are a member of the Settlement Class. This means that even if you did not hire a lawyer or file a lawsuit, you may make a claim for a settlement payment as described in this notice.

BASIC INFORMATION

1. Why is this notice being provided?

You have a right to know about a proposed class action settlement and about all of your options before the Court decides whether to give “final approval” to the settlement. This notice explains the lawsuit, the settlement, your legal rights, what settlement fund money will be available, who is eligible, and how to get money from the settlement fund.

Judge Judith E. Levy of the United States District Court for the Eastern District of Michigan is overseeing this lawsuit. The settlement resolves multiple lawsuits now known as *In re Flint Water Cases*, Case No. 5:16-cv-10444 (E.D. Mich.), as well as other Flint water-related lawsuits that are pending in the Circuit Court for Genesee County, Michigan and the Michigan Court of Claims, and their respective appellate courts. Judge Levy approved this notice.

The persons who filed lawsuits are called the “plaintiffs,” and the persons, companies or government entities being sued in the lawsuits, are called the “defendants.” Some of the defendants in the cases have agreed to the settlement. They are the Settling Defendants. The Settling Defendants are: The State of Michigan; Michigan Department of Environmental Quality (now the Michigan Department of Environment, Great Lakes, and Energy); Michigan Department of Health and Human Services; Michigan Department of Treasury; former Governor Richard D. Snyder; Governor Gretchen Whitmer; the City of Flint; the Flint Receivership Transition Advisory Board; Darnell Earley; Howard Croft; Michael Glasgow; Gerald Ambrose; Edward Kurtz; Michael Brown; Dayne Walling; Daugherty Johnson; Liane Shekter Smith; Daniel Wyant; Stephen Busch; Kevin Clinton; Patrick Cook; Linda Dykema; Michael Prysby; Bradley Wurfel; Eden Wells; Nick Lyon; Dennis Muchmore; Nancy Peeler; Robert Scott; Adam Rosenthal; Andy Dillon; McLaren Health Care Corporation; McLaren Regional Medical Center, McLaren Flint Hospital; and Rowe Professional Services Company.

This settlement only resolves claims against the Settling Defendants that have agreed to pay for the settlement. It does not stop claims against other defendants that have not agreed to a settlement. This means that the cases will continue against defendants that have not settled.

2. What is this lawsuit about?

There are thousands of lawsuits and claims. The lawsuits assert that residents of Flint and others who used or were exposed to water from the FWWTP between April 25, 2014 and November 16, 2020, suffered personal injury, property damage, economic loss, or any other type of damage or injury as a result of exposure to, use of, or being obligated to pay for, the contaminated water. Some lawsuits were filed by Individual Plaintiffs and some lawsuits were filed as a class action - on behalf of those exposed to the water. Individual Plaintiffs are every person or entity (business) that has already hired their own individual lawyer to represent them in the litigation. A complete list of all Individual Plaintiffs is available at www.XXXXXXXXXXX.com. If you are an Individual Plaintiff, please contact your lawyer. The lawsuits claim that when the City of Flint switched to the Flint River as the source of water in 2014, the water was not treated correctly and that it caused pipes to corrode and release lead and other contaminants into the water.

Plaintiffs allege that exposure to contaminated water received from the Flint Water Treatment Plant (located at 4500 Dort Highway, Flint, Michigan 48506), during the period April 25, 2014 to November 16, 2020, has caused a public health crisis.

Plaintiffs in the class action also allege that Settling Defendants made the situation worse by, among other things, concealing and misrepresenting the scope of the water contamination, failing to take

effective action to eliminate the source of the contamination, failing to properly treat the water in general, failing to properly provide engineering services and advice on treating and addressing contamination of the water, and then lying about it to cover up the misconduct.

Settling Defendants deny any and all alleged liability, wrongdoing, violations, and/or damages any of them allegedly caused with respect to any and all claims asserted or that could have been asserted in the lawsuits. The Court has not decided who is right, but both the Plaintiffs and the Settling Defendants have agreed to a settlement to end the lawsuits and avoid further related costs.

3. Why is there a settlement?

Certain lawyers representing Plaintiffs were appointed by United States District Judge Levy to leadership positions and given the authority by the Court to conduct settlement negotiations. Those lawyers engaged in settlement negotiations with the Settling Defendants under the direction of Mediators and a Special Master, who are persons appointed by the Court to help the parties resolve the litigation.

After careful consideration, Co-Lead Class Counsel and Co-Liaison Counsel have concluded that it is in Plaintiffs' best interest to compromise and settle the claims in the lawsuits for the money and other benefits included in the Settlement Program. Co-Lead Class Counsel and Co-Liaison Counsel have also determined that the Settlement Agreement is fair, reasonable, adequate, and in the best interests of the Settlement Class Members. Both Plaintiffs and the Settling Defendants have agreed to settle to avoid the cost and risk of litigation.

4. Why is it called a proposed class action settlement?

It is called a proposed settlement because it cannot become final until it is approved by the Court. Proposed class action settlements typically are reviewed by a court twice: once for preliminary approval and once for final approval. Here, the Court has given the proposed settlement preliminary approval, and has conditionally certified a Settlement Class. However, the Court cannot decide whether to finally approve the proposed settlement until the Final Fairness Hearing (described below in response to Question 34).

WHO IS IN THE CLASS ACTION SETTLEMENT

To see if you will be affected by the class action settlement or if you can receive money from it, you first have to determine if you are a Settlement Class Member.

5. How do I know if I am part of the class action settlement?

The Settlement Class includes all persons or entities who are or could be claiming personal injury, property damage, business economic loss, unjust enrichment, breach of contract, or seeking any other type of damage or relief because at any time during the Exposure Period (between April 25, 2014 and November 16, 2020) they:

- (1) Were an Adult (18 years or older) who owned or lived in a residence that received water from the Flint Water Treatment Plant or were legally liable for the payment of such water;
- (2) Owned or operated a business including income earning real property (meaning a rental house or other business property) and any other businesses, that received water from the Flint Water Treatment Plant or were legally liable for the payment for such water; or

- (3) Were an Adult (18 years or older) and ingested or came into contact with water (for example you drank, ate, cooked, bathed, showered, washed clothing or washed dishes with the water) received from the Flint Water Treatment Plant.¹

In addition to the Settlement Class, the Settlement Agreement also includes the following three Subclasses:

- (1) Adult Exposure Subclass: all persons who were Adults (18 years or older) at any time during the period April 25, 2014 to November 16, 2020, and who ingested or came into contact with water (for example you drank, ate, cooked, bathed, showered, washed clothing or washed dishes with the water) received from the Flint Water Treatment Plant at any time during the period April 25, 2014 to November 16, 2020, and who are claiming or could claim a resulting personal injury.
- (2) Business Economic Loss Subclass: all individuals or entities who owned or operated a business, including income earning real property (meaning a rental house or other business property) and any other businesses, that received water from the Flint Water Treatment Plant at any time during the period April 25, 2014 to November 16, 2020, and who are claiming or could claim a resulting business economic loss.
- (3) Property Damage Subclass: all Adults (18 years or older) or entities who owned or were the lessee of residential real property that received water from the Flint Water Treatment Plant, or were legally liable for the payment for such water, at any time during the period April 25, 2014 to November 16, 2020.

Exhibits to the Settlement Agreement list people or entities that are represented individually and are therefore excluded from the Settlement Class. Visit the settlement website at www.xxxxxxx.com to see a complete list of all excluded people or entities.

6. What is the “Exposure Period”?

The Exposure Period is the time period between the date the City of Flint switched its water supply to draw from the Flint River (April 25, 2014) and the date the Settlement Agreement was signed by the Plaintiffs and the Settling Defendants (November 16, 2020). In order to be a member of the Settlement Class, you must have been exposed to water from the Flint Water Treatment Plant during this time period.

7. Are minors (children, adolescents, and teens) included in the class action settlement?

No. Minors are not included in the Settlement Class and the information in this notice does not address the specific rights of minors. However, the Settlement Program provides compensation for minors on an individual basis. Minors have the right to have a Claim Form filed on their behalf and may submit a Registration Form for money from the Settlement Program by the same deadline that is specified in this notice. But minors have an additional opportunity to later submit a Registration Form and receive a payment. Specifically, minors will still be able to submit a Registration Form after the deadline as Future Minor Claimants up until their 19th birthday. This right is consistent with Michigan law, which provides that injured minors may pursue claims up until their 19th birthday. If you are acting on behalf of a minor child who was exposed to water from the Flint

¹ If you were a minor when you were exposed to the water (during the Exposure Period), then you are eligible for money as a minor and you are also eligible for the Future Minor Claimants Fund, even if you turned 18 during the Exposure Period and fall within the definition of the Adult Exposure Subclass. For more information about your rights and the claims you may make, please go to the website www.xxxxxxx.com or call 1-xxx-xxx-xxxx or consult your attorney.

Water Treatment Plant during the period April 25, 2014 to November 16, 2020, you should read more about the options for minors at the settlement website: www.xxxxx.com. If you have an attorney you should speak to that attorney. You can hire an attorney to assist you with your claim, but you are not required to have an attorney.

8. Is anyone excluded from the Settlement Class?

Yes, some categories of people are excluded from the Settlement Class. The Settlement Class does not include: (1) Defendants; (2) the judicial officers to whom this case is assigned in the Federal Court, Genesee County Circuit Court, and Court of Claims, their staff, and the members of their immediate families; (3) all Individual Plaintiffs (which means persons or entities that hired their own individual lawyer to represent them in the litigation); and (4) all persons who timely and validly elect to opt out of the Settlement Class. A list of Adults who have hired lawyers and are excluded from the Settlement Class is posted on the settlement website.

9. What if I am not sure whether I am a Settlement Class Member?

If you are not sure whether you are a Settlement Class Member, or have any other questions about the settlement, visit the settlement website at www.xxxxxxxxx.com or call the toll free number, xxx-xxx-xxxx. You may also write with questions to Claims Administrator, PO Box xxxx, [City, State Zip] or send an e-mail to xxxx@xxxxxxxx.com.

REGISTRATION FOR PARTICIPATION IN THE SETTLEMENT PROGRAM

10. Do I have to submit a Registration Form to get money from the Settlement Program?

Yes, if you want to receive any money from the Settlement Program, you MUST file a Registration Form online or mailed and postmarked by Month DD, 20xx. Filing a Registration Form is a simple and a necessary first step to get money. You can file your Registration Form online at www.xxxxxxxxx.com, or you can also send your Registration Form in by mail to [insert address]. If you received this notice by mail, a Registration Form was included. You can also download one at the settlement website.

The Claims Administrator will send a Claim Form to everyone who submitted or sent in a completed, timely Registration Form that is not deficient (see Question 12). Again, you will not be able to file a Claim Form unless you submit a Registration Form by the deadline.

11. How do I know if I can submit a Registration Form?

Members of the Settlement Class may submit a Registration Form if during the period April 25, 2014 to November 16, 2020, you are claiming or could claim personal injury, property damage, business economic loss, unjust enrichment, breach of contract, or any other type of damage, injury, or relief, and

- (1) You owned, rented, or lived in a residence that received water from the Flint Water Treatment Plant, or were legally liable for the payment of bills for such water;
- (2) You owned or operated a business that received water from the Flint Water Treatment Plant, or were legally liable for the payment of bills for such water;
- (3) You ingested or came into contact (for example, you drank, ate, cooked, bathed, showered, washed clothing or washed dishes) with water received from the Flint Water Treatment Plant, for at least twenty-one (21) days during any thirty (30) day period, during the period April 25, 2014 to November 16, 2020; or

QUESTIONS? CALL XXX-XXX-XXXX OR VISIT WWW.XXXXXXXXX.COM

- (4) During the period April 25, 2014 through December 31, 2018, you were both exposed to water received from the Flint Water Treatment Plant during that time, and you were diagnosed with Legionnaires' Disease.

If you are not sure if you qualify, you should submit a Registration Form now to make sure you preserve your rights.

12. What is the review process for my Registration Form once it is submitted?

The Claims Administrator will review each Registration Form and decide whether it contains all the required information and whether it was submitted on time.

If you did not submit all the information, the Claims Administrator will send you a notice explaining what is missing or why you may not qualify. If your Registration Form is returned to you as incomplete or defective, you will have an opportunity to correct your Registration Form. There will be a deadline to submit the corrected form.

The Claims Administrator will notify you whether your corrected form is accepted or not. The settlement website has information about how to submit the Registration Form. There are instructions included with the Registration Form to help you as well.

13. How do I get a Registration Form?

You can get your Registration Form in multiple ways:

- (1) If you are represented by a lawyer, please contact your lawyer for the Registration Form;
- (2) If you are not represented by a lawyer, you can obtain a Registration Form by:
 - Downloading a Registration Form at the settlement website www.xxxxxxxxxxx.com;
 - Requesting that a Registration Form be mailed to you by calling the Claims Administrator's toll-free number at xxx-xxx-xxxx; or
 - Requesting that a Registration Form be mailed to you by writing to the Claims Administrator at following address: Claims Administrator, PO Box xxxx [City, State Zip].

A Registration Form was also included with this notice. You may submit this paper Registration Form by mail by sending it to Claims Administrator, PO Box xxxx [City, State Zip].

Please note, you should act immediately to request a Registration Form if you did not receive a Registration Form by mail, since the deadline to file a Registration Form is Month DD, 20xx.

14. Do I have to submit both a Registration Form and then later a Claim Form?

Yes. The Settlement Agreement requires that if you want money from the Settlement Program, you must first file a Registration Form. The Registration Form is the first step in the process. Then later, after the Court has approved the settlement, everyone who filed a valid, complete, and timely Registration Form establishing eligibility will be provided a Claim Form and instructions for filling it out. You must complete the Claim Form in its entirety and timely file the Claim Form.

15. Can I request reconsideration or appeal a decision regarding my forms?

Yes. If your Registration Form or Claim Form is denied, you can request reconsideration or you can appeal the denial. The process and deadlines for requesting reconsideration or appealing a denial will be provided to anyone who receives a notice that their Registration or Claim Form was denied.

THE SETTLEMENT BENEFITS—WHAT YOU GET IF YOU QUALIFY

16. How will the Settlement Fund money be divided among the Class?

The value of the entire Settlement Program is approximately \$641.25 million. The Settlement Fund is allocated among different categories. The allocation was the result of negotiations among the lawyers appointed by the Court to represent the interests of Individual Plaintiffs (those who have hired their own lawyer), the State of Michigan, and six individual ‘subclass’ counsel appointed by the Court specifically to address allocation of the funds. These negotiations took place under the supervision of neutral parties appointed by the Court. The charts below show the percentage amounts allocated to the categories. Note that the amount that is available for distribution will be the amount after deducting any amounts that the Court authorizes for fees and expenses.

CATEGORY	WHO QUALIFIES (subject to Claimants meeting requirements in the Settlement “Compensation Grid”)	PERCENTAGE OF \$641.25 Million SETTLEMENT FUND
Adults and Property Damage Sub-Qualified Settlement Fund	<p>Adults – Any person 18 years or older at the time of first exposure to the water from the Flint Water Treatment Plant at any time during the period April 25, 2014 to November 16, 2020, and who claims a personal injury.</p> <p>Property Damage – All Adults or entities who owned or were the lessee of residential real property that received water from the Flint Water Treatment Plant, or were legally liable for the payment for such water, at any time during the period April 25, 2014 to November 16, 2020. Business Economic Loss Sub-Qualified Settlement Fund	All individuals or entities who owned or operated a business, including income earning real property and any other businesses, that received water from the Flint Water Treatment Plant at any time during the period April 25, 2014 to November 16, 2020, and who are claiming or could claim a resulting business economic loss. (See the Settlement Agreement Exhibits 1 and 4 to determine if you or your property is excluded).	0.5% of the net funds in the \$641.25 million settlement fund

17. What about the rest of the money?

Most of the money paid by the Settling Defendants into the Settlement Program will be distributed to children (meaning those who were under age 18 when they were first exposed to Flint water during the Exposure Period). These funds are not part of this class action settlement and are not available for persons and entities covered by the class action settlement.

The portion of the settlement fund allocated to or for the benefit of children is divided into five separate categories as follows:

CATEGORY	WHO QUALIFIES (subject to Claimants meeting requirements in the settlement Compensation Grid)	PERCENTAGE OF SETTLEMENT FUND of \$641.25 million
Minor Child Sub-Qualified Settlement Fund	People six (6) years of age and under as of the date they first ingested or came into contact with water received from the Flint Water Treatment Plant during the Exposure Period.	64.5% of net funds in the settlement fund
Minor Adolescent Sub-Qualified Settlement Fund	People seven (7) years of age through eleven (11) years of age as of the date they first ingested or came into contact with water received from the Flint Water Treatment Plant during the Exposure Period.	10% of net funds in the settlement fund
Minor Teen Sub-Qualified Settlement Fund	People twelve (12) years of age through seventeen (17) years of age as of the date they first ingested or came into contact with water received from the Flint Water Treatment Plant during the Exposure Period.	5% of net funds in the settlement fund
Future Minor Sub-Qualified Settlement Fund	People less than eighteen (18) years of age as of the date they first ingested or came into contact with water received from the Flint Water Treatment Plant during the Exposure Period, and failed for any reason to timely register for the Settlement Program or did not receive a Favorable Notice prior to the date that the lists of all eligible Claimants are posted.	\$35,000,000 to be taken on a prorated basis from the total amount allocated to the Minor Child, Minor Adolescent, and Minor Teen Qualified Settlement Funds;
Programmatic Relief Sub-Qualified Settlement Fund	The Programmatic Relief Sub-Qualified Settlement Fund will be used to enable the local school districts and public school academies within the Genesee Intermediate School District to provide special education services for students who resided in the City of Flint during the Exposure Period and require such services.	2% of net funds in the settlement fund

None of the persons covered by these payment categories (minors at the time of first exposure to Flint water) may receive payment from the funds allocated to the class settlement. They are listed here to show the percentages of the overall settlement fund created by the Settlement Program that these groups are entitled to receive. All those covered by this class action settlement are entitled to claim portions of the settlement fund described in Question 16.

18. How much money will I get?

In most cases, the amount any individual Claimant will receive for personal injury will depend on which category the Claimant is in and the number of other Claimants who qualify in the same category. There is one exception: there are specific dollar amounts payable for qualified claims of death resulting from legionella. For example, Category 25 applies to Adults who have a blood or bone lead level of 5 mcg/dL or 5 ug/G or who have certain physical injuries. Every person who qualifies in this category will receive the same amount of money for their injuries. The Compensation Grid contains relative values for each category. The relative values are set up so that more serious injuries receive a higher value. You can see how the values are defined (in terms of relative value) in the middle section of the Compensation Grid. It is impossible to know what each individual person will be paid because the amount will depend on the number of eligible Claimants

QUESTIONS? CALL XXX-XXX-XXXX OR VISIT WWW.XXXXXXXXXX.COM

in each category. For those seeking a payment because they owned or rented residential property in Flint or were legally liable for the water payment, the same process applies except that there are caps on the amount a property owner/renter may receive: a property owner/renter may receive up to \$1,000 per residential address. If there are multiple owners/renters, then the payment will be divided pro rata among those owners/renters. Payments for business loss claims will be based on the proof of loss submitted – but if the total amount of qualified losses exceed the total allocated to business loss claims, then the payments will be made pro rata. In addition, business loss claims are capped at \$5,000 per business.

HOW TO GET BENEFITS FROM THE SETTLEMENT

19. How and when do I submit a Claim Form?

To make a claim for money from the class action settlement fund, you must submit a Claim Form. **You cannot submit a Claim Form at this time.** If you submit a valid Registration Form **online or mailed and postmarked** by **Month DD, 20xx**, you will be sent a Claim Form along with instructions about how to complete the Claim Form, the documents you will need, and where to send the Claim Form.

If you change your address and want to receive a Claim Form at your new address, you should notify the Claims Administrator of your new address by sending written notice of your change of address to the Claims Administrator at the address listed in Question 9. You may also notify the Claims Administrator of a change in address by email at XXXX@XXXXXXXXXX.com or by calling the XXX-XXX-XXXX toll free line.

20. Will I need to submit other forms along with the Claim Form?

Yes. In addition to the Claim Form, you will need to submit a Release and Lien Disclosure Form. You will receive these forms in your Claim Packet along with instructions about other documents you may need to submit depending on your claim category (if you file your Registration Form by Month, Day, 20xx).

21. What is the deadline for submitting a Claim Form?

The current deadline to submit the Claim Form, Release and Lien Disclosure Form is **Month DD, 20xx**, and if you mail in these documents they must be sent to the Claims Administrator and postmarked by that date. After you successfully file your Registration Form, you will be sent a Claim Packet with all the necessary forms and corresponding instructions, well in advance of this deadline.

22. What if a Settlement Class Member is unable to file a Registration Form for themselves?

If a Settlement Class Member is unable to file their own Registration Form because of a physical or mental impairment (incapacitated), the settlement allows another person to file on their behalf. If the Settlement Class Member is an adult who is legally incapacitated, a guardian or fiduciary who has already been appointed by a Court for that adult is permitted to submit the Registration Form and Claim Form. The settlement also allows the Court to identify people who can act as the “Next Friend” under the settlement. A person acting as a Next Friend will be able to submit the Registration Form for the incapacitated Settlement Class Member and later a Claim Form, and take all actions necessary to file the Claim Form and get a payment for the incapacitated person. If you file a Claim Form as a Next Friend for an incapacitated Settlement Class Member, the Claims Administrator will then correspond directly with you as the Claim Form is reviewed. To learn who is permitted to be a Next Friend and the documentation you will need to act as a Next Friend, please see the settlement website at www.XXXX.com. If you have more questions about how to become a

Next Friend for an incapacitated Settlement Class Member, you should call the Claims Administrator at XXX-XXX-XXXX or visit the settlement website at www.xxxxxxxxxx.com.

23. What am I giving up to participate in the settlement?

If the settlement becomes final, Settlement Class Members who participate in the settlement or do nothing at all will release all their claims against the Settling Defendants. They will not be allowed to bring any lawsuit against the Settling Defendants related to Flint water or the Flint Water Cases.

The Settlement Agreement is available at www.xxxxxxxxxx.com. The Settlement Agreement provides more detail regarding the release and describes the released claims with specific descriptions in necessary, accurate, legal terminology, so read it carefully. You can talk to the attorneys representing the Settlement Class listed in the section “the attorneys representing settlement class members.” And you are allowed to hire your own attorney at your own expense. If you already have an attorney hired specifically because of exposure to water from the Flint Water Treatment Plant, then you may not be in the Settlement Class and you should talk to your attorney about your rights.

24. How will my payment be determined?

The Court has preliminarily approved the appointment of a neutral, experienced Claims Administrator who will review and analyze all Claims and determine the amount based on the payment criteria. The Court has granted preliminary approval for the payment criteria and payment process and has also preliminarily approved the allocation of funds. The same payment criteria applies to every person or entity that files a Claim in the same claim category – whether or not they are represented by counsel or are part of the Settlement Class. All of the information about the criteria for compensation is available on the website. Each Claimant will receive the same treatment – and the distribution process will be equitable and fair. Each Claimant who qualifies for payment in a specific Claim category will receive the same treatment and the same payment amount.

EXCLUDING YOURSELF FROM THE SETTLEMENT

If you do not want to participate in this proposed class settlement and you want to keep the right to sue the Settling Defendants about the legal issues in this case, then you must take steps to get out of the settlement. This is called “opting out” of the Settlement Class.

25. If I opt out of the settlement, can I get anything from this settlement?

No. If you are a member of the Settlement Class and opt out of the settlement, you cannot get paid from the settlement. You will not be allowed to file a Registration Form or a Claim Form, you will not be allowed to object to the settlement, and you will not receive a payment. If you opt out of the settlement, however, you may sue or be part of a different lawsuit against the Settling Defendants in the future. You may also be subject to certain court orders that outline procedures for future or continuing lawsuits.

The settling parties have asked the state and federal courts to enter Case Management Orders that will govern the litigation against both non-Settling Defendants and for those who opt out and seek to bring individual claims against the Settling Defendants. That Case Management Order if approved will require you to present evidence and medical information to prove your claims and it will also establish deadlines for submitting that information. Consult with your attorney to get more information about the process of litigation.

QUESTIONS? CALL XXX-XXX-XXXX OR VISIT WWW.XXXXXXXXXX.COM

Information about the procedures which the Courts will be asked to order for any such future or continuing lawsuits are explained in the proposed Case Management Order exhibit to the Settlement Agreement and can be found at www.xxxxxxxxxxxx.com.

26. If I do not opt out of the settlement, can I sue later?

No. If you are a member of the Settlement Class and do not opt out, you give up the right to sue the Settling Defendants for any of the claims released by the settlement. This means that you cannot later file your own lawsuit against any of the Settling Defendants for exposure to water from the Flint Water Treatment Plant. The full release is stated in Article XVI-Releases and Covenants Not to Sue of the Settlement Agreement. The Settlement Agreement can be found at www.xxxxxxxxxxxx.com.

If you elect to opt out of the class action settlement, Co-Lead Class Counsel, and the attorneys working with them, will not represent you in a separate lawsuit against the Settling Defendants. Co-Lead Class Counsel will continue to seek certification of a litigation class to pursue claims against the non-Settling Defendants. Opting out of this Settlement Class will not affect other litigation against other defendants.

27. How do I opt out of the settlement?

To opt out of the Settlement Class and not participate in the settlement, you must send a written request using the Opt Out Form provided with this notice or available at the website for you to print. You must sign the Opt Out Form yourself. You cannot have your attorney sign the form for you.

You must mail your completed Opt Out Form, postmarked by [Month DD, 20XX] to:

Claims Administrator
PO Box xxxx
[City, State Zip]

If you do not want to be a part of the settlement, but do not send in an Opt Out Form, you will remain a Settlement Class Member and you will release all your claims against the Settling Defendants. You will not be able to file you own lawsuit.

You cannot ask to opt out of the settlement by phone, email, or at the website.

THE ATTORNEYS REPRESENTING SETTLEMENT CLASS MEMBERS

28. Do I have an attorney in the case?

The Court has appointed Theodore J. Leopold of Cohen Milstein Sellers & Toll PLLC and Michael L. Pitt of Pitt McGehee Palmer & Rivers, P.C. as Co-Lead Class Counsel. The Court also appointed Corey M. Stern of Levy Konigsberg, LLP and Hunter Shkolnik or Napoli Shkolnik PLLC as Co-Liaison Counsel for Individual Plaintiffs (this means that they do not represent the Class but participated in the negotiation of the settlement). Both Co-Lead Class Counsel and Co-Liaison Counsel support the settlement.

If you want to be represented by your own attorney in this case, you may hire one at your own expense. You may contact the attorneys at:

29. Why do Co-Lead Class Counsel recommend settlement?

The settlement was reached after extensive discovery in the case, negotiations supervised by court appointed neutrals, and careful consideration. The lawyers and parties must consider a number of factors when evaluating the settlement – including the complexity, expense, and likely duration of the litigation and stage of the litigation. The lawyers also considered the potential for Settling Defendants to prevail (win) and the range of possible recovery (money for Settlement Class Members), and have determined that this Settlement Agreement is fair, reasonable, adequate, and in the best interest of the Settlement Class.

30. How will the attorneys be paid?

If the settlement is approved by the Court, Co-Lead Class Counsel will ask the Court for an award of attorneys' fees in an amount not to exceed 33.33% of the amount of the settlement fund that is allocated for payment of claims of Settlement Class Members. Co-Lead Class Counsel may also seek reimbursement of expenses incurred in litigation and negotiating the settlement and may also seek fees for other settlement related and common benefit activities that are not specific to or solely for the Settlement Class. All fees and expenses must be approved by the Court. In addition, certain administrative fees will be paid from the settlement fund including fees and expenses of claims administration and guardians' ad litem fees and expenses and the costs of providing the Settlement Class Notice and Individual Notice. Any award of such fees and costs, ordered by the Court will be paid from the settlement fund according to the terms and limitations of the Settlement Agreement.

The methodology proposed by the Plaintiffs' attorneys for determining attorneys' fees and expenses is covered in a separately negotiated addendum that will be attached to the Plaintiffs' attorneys' motion to the Court requesting such fees and expenses, and which will be a public document once filed with the Court. It will be available at www.XXXXXXXX.com.

OBJECTING TO THE SETTLEMENT

31. How do I tell the Court if I do not like the settlement?

If you are a Settlement Class Member (and do not exclude yourself from the Settlement Class), you can object to any part of the Settlement.

(1) All objections must be in writing and include the following:

- a. A detailed statement of your objection(s), as well as the specific reasons, if any, for each such objection, including any evidence and legal authority you wish to bring to the Federal Court's attention.
- b. The written statement must contain your printed name, address, telephone number, and date of birth, written evidence establishing that you are a Settlement Class Member.
- c. The written statement must include any other supporting papers, materials, or briefs you wish the Federal Court to consider when reviewing the objection.
- d. A written objection may not be signed using any form of electronic signature but must contain your dated signature (not just counsel).

(2) The Federal Court will determine whether any Settlement Class Members who do not follow the procedures will have waived any objections they may have.

(3) A Settlement Class Member may object on his or her own behalf or through an attorney hired at that Settlement Class Member's own expense, provided the Settlement Class Member also signs the objection and has not submitted a written request to be excluded from the Settlement Class.

Attorneys asserting objections on behalf of Settlement Class Members must:

- a. File a notice of appearance with the Federal Court by the date set forth in the Preliminary Approval Order, or as the Federal Court otherwise may direct;
- b. File a sworn declaration attesting to his or her representation of each Settlement Class Member on whose behalf the objection is being filed or a copy of the contract (to be filed *in camera*) between that attorney and each such Settlement Class Member; and
- c. Comply with the procedures described in Article XX-Objections in the Settlement Agreement.

(4) A Settlement Class Member (or counsel individually representing him or her, if any) seeking to make an appearance at the hearing must file with the Federal Court, by the date set forth in the Preliminary Approval Order, or as the Federal Court otherwise may direct, a written notice of his or her intention to appear at the hearing, in accordance with the requirements set forth in the Preliminary Approval Order.

(5) Any Settlement Class Member who fails to comply with the provisions of these requirements will waive and forfeit any and all rights he or she may have to object to the Settlement Agreement.

Your Objection must be filed with the Clerk of the Court by first-class United States Mail so the Objection is **received** no later than [Month DD, 20XX]. The address of the Court is:

Clerk of the Court
United States District Court
Eastern District of Michigan
[Street Address]
[City, State Zip]

QUESTIONS? CALL XXX-XXX-XXXX OR VISIT WWW.XXXXXXXXXX.COM

If you do not comply with these procedures and the deadline for objections, you will lose any opportunity to have your objection considered at the Fairness Hearing or otherwise to contest the approval of the settlement or to appeal from any order or judgment entered by the Court in connection with the settlement.

32. What is the difference between objecting and asking to opt out of the settlement?

Objecting is simply telling the Court that you do not like something about the settlement. You can object only if you stay in the Settlement Class. Opting out of the settlement is telling the Court that you do not want to be part of the Settlement Class. If you opt out of the settlement, you cannot object to the settlement and you will not be eligible to apply for any money under the settlement.

33. Can the Settling Defendants cancel the settlement?

Yes, the Settlement Agreement allows the Settling Defendants to cancel the settlement if there are too many Settlement Class Members who opt out or if too many Individual Plaintiffs reject the settlement. For more information look at Articles XVIII and Article XIX of the Settlement Agreement – which is available on the settlement website www.xxxxxxx.com.

THE COURT'S FAIRNESS HEARING

34. When and where will the Court decide whether to approve the settlement?

On [Month DD, 20XX], at [xx:xx x.m.], the Court will hold a public hearing in the United States District Court for the Eastern District of Michigan, located at the U.S. Courthouse, [Street Address], [City, State Zip], to determine whether the Settlement Class can be certified and whether the settlement is fair, adequate, and reasonable and should be finally approved, with judgment entered accordingly. The Court will also consider the application for an award of attorneys' fees and expense reimbursement. This hearing may be continued or rescheduled by the Court without further notice to the Settlement Class so you should check the website for updates. If there are objections, the Court will consider them at that time. After the hearing, the Court will decide whether to approve the settlement. It is unknown how long these decisions will take.

35. Do I have to come to the hearing?

No, counsel will answer any questions from the Court. However, you are welcome to attend the hearing at your own expense. If you (or your own attorney individually representing you, if any) want to appear at the hearing, you or your attorney must file with the Court, by the date set forth in the Preliminary Approval Order, or as the Court otherwise may direct, a written notice of your intention to appear at the hearing, in accordance with the requirements set forth in the Preliminary Approval Order.

If you send in a written objection, you do not have to come to the Fairness Hearing to talk about it. If you mailed your written objection on time, the Court will consider it. You may also pay your own attorney to attend the Fairness Hearing, but it is not necessary.

IF YOU DO NOTHING

36. What happens if I do nothing at all?

If you are a Settlement Class Member and do nothing, you will not get any money from the settlement. And, unless you opt out of the settlement, you will be bound by the judgment entered by the Court. This means you will not be able to start a lawsuit, continue with a lawsuit, or be part

of any other lawsuit or proceeding against the Settling Defendants about the statements and claims at issue in this case.
